

External Organization Profile

In accordance with the *Every Student Succeeds Act (ESSA)*, Title IV, Part B, 21st Century Community Learning Centers (21st CCLC), the South Dakota Department of Education (SD DOE) is required to provide a list of prescreened external organizations. The term "external organization" is defined, by *ESSA*, as: "(A) a nonprofit organization with a record of success in running or working with before- and after- school (or summer recess) programs and activities; or (B) in the case of a community where there is no such organization, a nonprofit organization in the community that enters into a written agreement or partnership with an organization described in subparagraph (A) to receive mentoring and guidance in running or working with before- and after-school (or summer recess) programs and activities" (*ESSA*, section 4201).

In response, the SD DOE has released the following list of statewide organizations who have worked with afterschool, summer, and regular school day programming in South Dakota. This list will be updated as needed.

SD DOE is excited to release the list of organizations that are available and there for programs working with students in outside of regular school time settings.

Disclaimers:

- No funding is directly associated with this opportunity for inclusion on the eligible provider list.
- The SD DOE reserves the right to omit any organization from the list
- The SD DOE does not guarantee the amount of work given, if any, to organizations on the eligible provider list. And, by including an organization on the eligible provider list, the SDDOE is simply verifying that the organization successfully completed the external organization requested information. To be clear, the SDDOE's inclusion of an organization on the eligible provider list is not an endorsement of the organization, nor is it a certification of the quality of activities provided by the organization.
- If you would like your organization to be considered please contact the 21st CCLC office at 605-773-3261.

How we provide support? We provide learning opportunities and activities for all ages, from pre-school to seniors from YMCA groups to class groups.</p>

<https://www.nasa.gov/offices/education/about/index.html>

NASA will continue to pursue three major education goals:
-- Strengthening NASA and the Nation's future workforce
-- Attracting and retaining students in science, technology, engineering and mathematics, or STEM, disciplines
-- Engaging Americans in NASA's mission

NASA's commitment to education places special emphasis on these goals by increasing elementary and secondary education participation in NASA projects; enhancing higher education capability in STEM disciplines; increasing participation by underrepresented and underserved communities; expanding e-Education; and expanding NASA's participation with the informal education community. The Office of Education supports the work of the Mission Directorates by coordinating projects for students, faculty, and institutions that broaden the base of those who compete for NASA research awards. These efforts will help create and sustain the scientific and engineering workforce of the future. In addition, the Office of Education will continue to emphasize sharing the results of NASA missions and research programs with wider audiences by using science discoveries and research applications as vehicles to improve teaching and learning at all levels. Most resources are offered at no-cost to users.

	<p>http://www.igrow.org SDSU Extension SAG 154, Box 2207D SDSU Brookings, SD 57007 605-688-4792</p>	<p>SDSU Extension is the outreach arm of South Dakota State University, providing solutions and creating opportunities by fostering learning communities that empower citizens to advocate for sustainable change and to strengthen agriculture, natural resources, youth, families and communities.</p>	<p>SDSU Extension provides informal education, un-biased information and technical assistance to producers, families, community leaders, youth, volunteers regarding specific topics of interest or need across the 4 major programmatic areas (agriculture & natural resources, youth, families & nutrition and community capacity building). Our educational outreach is un-biased and research based.</p> <p>a. We provide face to face trainings and educational sessions, virtual training and educational sessions, individual consulting, and technical assistance.</p> <p>b. We host a virtual extension office at http://www.igrow.org where all information is available 24/7.</p>

			<p>c. SDSU Extension is the official home to South Dakota 4-H – a federal youth program for youth ages 8-19 that provides a variety of life skill and workforce development opportunities in an environment mentored by caring adults and volunteers.</p> <p>d. SDSU Extension is the official home for the South Dakota Master Gardener program. Volunteers of all ages can be trained in horticulture expertise and then serve their communities by providing horticulture technical assistance to community citizens who have questions.</p> <p>e. SDSU Extension provides certification trainings each year for other service providers – including veterinarians, crop consultants and CAFO's.</p>
	<p>https://www.sodaksaca.org/ https://www.sodaksaca.org/contact-us/</p>	<p>The mission of the SoDakSACA is to promote quality Out-of-School Time programs for children and youth through professional development and public advocacy.</p>	<p>What we do: Provide statewide support for Out-of-School Time programs. How we provide support: This is a member service organization; therefore, we provide networking opportunities and professional development opportunities through a statewide conference each Fall in conjunction with sponsoring a Lights On Afterschool event each year. We also, advocate for OST programs at the yearly Afterschool Day and Children's Day at the Capitol during the South Dakota Legislative session each year. We send out quarterly newsletters with information and activities specific to OST. Being a member of SoDakSACA also allows you to be a member of the National Afterschool Association, which provides a national outlook and resources for OST programming. SoDakSACA yearly membership fee is \$50.</p>
