
COMMUNITY ELIGIBILITY PROVISION (CEP)

CHILD AND ADULT NUTRITION SERVICES

Good Afternoon, Welcome to the Community Eligibility Provision Crash Course with CANS!

Record

My name is Andrea Theilen and I'm here today with Diana Webb. Diana and I will be working together this year with all of you on your CEP reports and with the Schools that are applying for CEP this year.

ATTENDANCE & QUESTIONS

01

Right click on your name in the video view or in the participant pane

02

Click "rename"

03

Change your name to include yourself and anyone who may be with you

3

Before we get started with the training, let's take care of a few housekeeping items. We would like to know who is joining the webinar today, so please check your name and if your first and last name are not on the screen, please change it so that they are.

To change your name, right click on your name in the video view or in the participant pane and click on the word Rename.
Enter your first and last name.

We will be recording this webinar and posting it on our CANS website along with the PowerPoint for you to view at a later time. Please feel free to unmute at any time throughout the presentation to ask a question. You can also type your questions in the chat box.

AGENDA

CEP REPORTING

CEP ELIGIBILITY

CEP BASICS

2

Today we will be covering three areas of CEP. CEP Reporting, CEP Eligibility, and the basics of CEP.

CEP REPORTING REQUIREMENTS

All SFA's (whether interested in CEP or not) will be required to complete the Community Eligibility Provision (CEP) Site List in iCAN between **April 1 and 11, 2023.**

USDA [Memo SP 20-2017](#) discusses this requirement in more detail.

4

CEP Reporting Requirements.

Each year, all SFAs whether interested in CEP or not are required to submit their direct certification data in comparison to their enrollment between April 1 and April 10. Since April 10th is a Holiday for many, we are using April 11th as the due date this year. Here is the memo that discusses this requirement in more detail.

STEP 1:

- Log in to your iMATCH account and verify that you do not have any pending potential matches or new matches.

The screenshot displays the 'DC Matching' interface in the PrimeroEdge system. The top navigation bar includes 'Student Eligibility' and 'System' tabs, and a user profile for 'Amigo ?' with links to 'District Realm', 'Dashboard', 'Messages', 'My Profile', and 'Logout'. A left sidebar contains navigation options: Administration, Direct Approvals, DC Matching, DC Compliance, Grace Period Letters, Patrons, Eligibility Reports, Eligibility Roster, and DC Reports.

The main content area is titled 'DC Matching' and features tabs for 'Potential Matches', 'Sibling Search', 'Matched', and 'File Search'. Below these tabs are search filters for 'Student Details' (Last Name, ID, First Name, Birth Date) and 'Probability' (High, Medium). A 'Compare Status' section includes checkboxes for 'Not Reviewed' and 'Reviewed', along with 'Reset' and 'Apply' buttons.

Below the filters is a 'Potential Match Details' section with a table. The table has two main sections: 'PrimeroEdge Student Details' and 'Certification File Details'. The table columns are Student ID, Last Name, First Name, Birth Date, Eligibility, Last Name, First Name, Birth Date, and Probability. A 'Compare' button is visible between the two sections.

PrimeroEdge Student Details				Certification File Details				
Student ID	Last Name	First Name	Birth Date	Eligibility	Last Name	First Name	Birth Date	Probability
				Paid (Default)				Medium (36)

5

Step 1 of CEP reporting will be to Log in to your iMATCH account and verify that you do not have any pending potential matches or new matches.

iMATCH INSTRUCTIONS

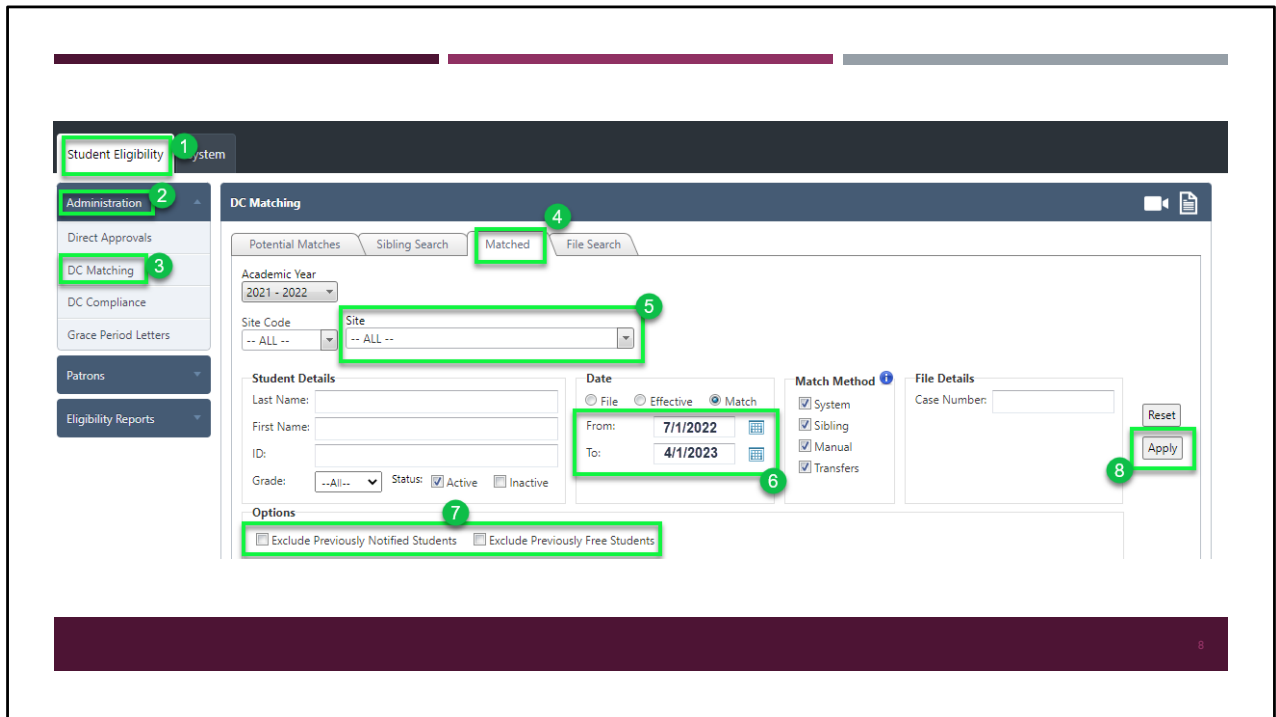

- SFAs that are approved for CEP, – Please use iMATCH to determine the ‘Identified Student’ numbers per site.
- Log in to iMATCH: <https://imatch.sd.gov/login.aspx>
- If you do not know your Username or Password, please email DOE.SchoolLunch@state.sd.us

6

SFAs that are approved for CEP, – Please use iMATCH to determine the ‘Identified Student’ numbers per site.

Here is the link to log into iMATCH.

If you don not know your username or password, you can simply email us at DOE.Schoollunch@state.sd.us.

After logging in to the iMATCH system, click on Student Eligibility (1), Administration (2), DC Matching (3), Matched tab (4).
Next, use the Site drop-down (5) to select an individual site.
Next, use the Date Range (6) to limit information from 7/1/2022 to 4/1/23.
Uncheck the Exclude checkboxes (7) and click Apply (8).
After clicking Apply, the Identified Students will load for the site selected as 'Matched Students'. Use this count in CEP Reporting of Identified Students.

Repeat steps 5-8 if your agency has multiple sites listed in iCAN.

Repeat Steps 5 - 8 If Your Agency Has Multiple Sites Listed in iCAN.

The screenshot displays the iCAN 'DC Matching' interface. The left sidebar contains a navigation menu with the following items: Student Eligibility (1), Administration (2), Direct Approvals, DC Matching (3), DC Compliance, Grace Period Letters, Patrons, and Eligibility Reports. The main content area is titled 'DC Matching' and features three tabs: 'Potential Matches', 'Sibling Search', and 'Matched' (4). Below the tabs, the 'Academic Year' is set to '2021 - 2022'. The 'Site Code' dropdown is set to '-- ALL --', and the 'Site' dropdown is also set to '-- ALL --' (5). The 'Student Details' section includes fields for Last Name, First Name, ID, and Grade (set to '--All--'). The 'Status' is checked for 'Active' and 'Inactive' is unchecked. The 'Date' section has radio buttons for 'File', 'Effective', and 'Match' (6), with 'Match' selected. The 'From' date is '7/1/2022' and the 'To' date is '4/1/2023'. The 'Match Method' section has checkboxes for 'System', 'Sibling', 'Manual', and 'Transfers', all of which are checked. The 'File Details' section has a 'Case Number' field. At the bottom right, there are 'Reset' and 'Apply' (8) buttons. The 'Options' section at the bottom has checkboxes for 'Exclude Previously Notified Students' and 'Exclude Previously Free Students' (7).

Repeat steps 5-8 if your agency has multiple sites listed in iCAN.

STEP 2:

- Log in to the iCAN system and under “Applications” in the blue bar at the top of the screen click on “Community Eligibility Provision”

Step 2 of CEP Reporting: Log in to the iCAN system and under “Applications” in the blue bar at the top of the screen click on “Community Eligibility Provision”

STEP 3: CLICK “ADD” FOR SY 2022-2023

The screenshot shows the 'School Nutrition Programs' interface for the South Dakota Department of Education. The page title is 'Community Eligibility Provision (CEP) Site List'. A table lists CEP entries for various school years. The entry for '2022 - 2023' is highlighted, and the 'Add' button in the 'Action' column is also highlighted. Other entries include 2021-2022 (Approved), 2020-2021 (Submitted), 2019-2020 (Submitted), 2018-2019 (Submitted), and 2017-2018 (Approved). A '< Back' button is located at the bottom of the table.

Community Eligibility Provision (CEP) - Site Eligibility

For School Year: 2016 - 2017

Reporting Date: April 01, 2017
Due Date: April 11, 2017

Instructions

The Community Eligibility Provision (CEP) for the National School Lunch Program (NSLP) provides an alternative to household applications for free and reduced price meals for economically disadvantaged students in local educational agencies (LEAs) and schools. Sites that elect this option agree to serve all students free lunches and breakfasts for four (4) successive school years and claim the meals based on a percentage of Identified Students multiplied by a USDA-defined multiplier factor.

Sites which have an Identified Student Percentage (ISP) of 40% or greater are eligible for this option. Sites which have an Identified Student Percentage (ISP) between 30.00% - 39.99% are potentially eligible.

Enter each Site's Number of Identified Students and Enrollment as of the Reporting Date.

Site ID	Site Name	Nbr of Identified Students	Enrollment	ISP	Eligible?	Potentially Eligible?
0002	ELHM	<input type="text"/>	<input type="text"/>	0.00 %		
0001	HI SCH	<input type="text"/>	<input type="text"/>	0.00 %		
0003	JR HIGH	<input type="text"/>	<input type="text"/>	0.00 %		
Sponsor Totals		0	0	0.00 %		

Total Sites: 3

For each site use data as of **April 1** and:

- Enter the Number of Identified Students
- Enter the Enrollment from Infinite Campus or NASIS
- Click **“Save”**

Step 4:

For each site use data as of **April 1** and:

Enter the Number of Identified Students

Enter the Enrollment from your student enrollment system which could be Infinite Campus or NASIS

Click **“Save”**

Identified Students are those students who are directly certified. Direct Cert supersedes any other eligibility determination. Students approved free/reduced based on income **should not** be included in this number.

This number should come from your eligibility roster, the document you use to create your claims, OR from the iMATCH system.

STEP 5:

- A pop up will appear.
- Click “**Finish**” if you are done or “**Edit**” if you wish to revise your information.

12

Step 5:

A pop up will appear.

Click “**Finish**” if you are done or “**Edit**” if you wish to revise your information.

Remember to Log Out When you are finished.

You will be able to modify your information until April 10, 2023.

IS MY DISTRICT/SCHOOL ELIGIBLE TO PARTICIPATE IN CEP?

To be eligible for CEP, an LEA, group of schools, or school must:

Ensure that at least 40 percent of enrolled students are identified students

Participate in both the NSLP and SBP

Serve lunches and breakfasts to all enrolled students at no charge

13

Diana: Now that we've learned how to complete the required reporting for all school districts, let's talk more about CEP.

I'm sure you have been wondering, is my school or district eligible to participate!?

To be eligible for CEP:

at least 40 percent of enrolled students must be identified as directly certified, the school must participate in the National School Lunch Program and the School Breakfast Program, and all meals served to enrolled students must be at no charge.

PARTICIPATION OPTIONS

School: By
individual
school

Group: By
group of
schools

District: By
School Food
Authority

14

There are a three ways to determine eligibility and participate in CEP.

The key is to identify 40 percent or more of enrolled students as directly certified.

So, an individual school with 40% or more Identified Students can participate in CEP.

A group of schools in an SFA may also participate. The SFA can choose to group schools any way they wish and calculate the free claiming percentage for the group of schools as a whole,

using their combined enrollment and total number of Identified Students, as long as the total percentage is 40% or higher.

There is no limit to the number of groups within the same SFA, some schools can participate individually, and some can participate as a group.

The final option is all schools in the SFA can participate as a single group with the same free claiming percentage for the entire district as long as it is 40% or higher.

NOTIFICATION OF ELIGIBILITY

All eligible and near eligible districts will be notified by April 15

Eligible = greater than 40% Directly Certified

Near Eligible = between 30% and 40% Directly Certified

Along with this notification, your district will also receive a link to the CEP Agreement for SY23-24 if you are interested in applying

15

All eligible and near eligible districts will be notified by email by April 15, 2023.

Eligible means more than 40% of students are directly certified

Near Eligible means that between 30% and 40% of students are directly certified

Along with this notification, your district will receive a link to the CEP Agreement for SY23-24 if you are interested in applying.

If you do not receive a direct notification email, you can also check the CANS website. We will post all the eligible and near eligible schools and districts no later than May 1, 2023.

I'M ELIGIBLE – NOW WHAT!?

- Are you a CEP school?
 - ISP more than 62.5% - no action required
 - ISP between 40-62.5% - review needed
- Not currently operating CEP?
 - ISP more than 40% - reach out to the CANS office!

16

I'm Eligible, now what!?

If you are currently operating CEP, your school had a qualifying identified student percentage of 40 or more. The higher your ISP, the better your free meal claiming percentage.

If your new ISP is more than 62.5%, no further action is needed, because this is the level where all meals are claimed for free.

If your ISP is between 40-62.5%, you will want to review your previous ISP and reapply for CEP if the new ISP is higher than the previous one.

If you are not currently operating CEP and your school has an ISP of 40 percent or more, reach out to the CANS office for assistance.

We can help you explore whether or not CEP is the right fit for you.

WHAT DO I NEED TO SEND CANS FOR APPROVAL?

1. Signed and dated CEP Agreement
 - Including any groupings of schools
2. Total Enrollment as of April 1, 2023(a list of all enrolled student names)
3. All documentation for Identified Students as of April 1, 2023

We may also ask for an Ad Hoc Report with additional student information.

17

What do I need to send CANS for CEP approval?

1. You will need to send a Signed and dated CEP Agreement. This document is on our website and will also be emailed to eligible districts.
2. We will need a list of all students enrolled as of April 1. This list of names will come from infinite campus or NASIS.
3. Finally, we need all documentation for Identified Students as of April 1, 2023. This includes:

Direct Certification documentation

Written documentation from source agency for foster children and FDPIR

Written documentation from school coordinator for Homeless, Migrant, or Runaway students.

Written documentation from Head Start coordinator.

We may also ask for an Ad Hoc report with additional student information, if the student ID numbers from your Student information system do not match the ID numbers in the iMATCH System.

Some helpful tips for documentation submission:

- Electronic copies are preferred, they can be mailed on a thumb drive.
- If you would like us to send you a thumb drive (jump drive, external drive) please let us know.
- If electronic copies are unavailable, please mail COPIES (not originals). We will scan and retain an electronic copy on file.

COMMUNITY ELIGIBILITY PROVISION (CEP) BASICS

Once CEP is elected, you maintain your Identified Student Percentage (ISP) and claiming percentages for 4 years

You may re-apply with a higher ISP and claiming percentage in the 4-year cycle

You must re-apply for CEP every 4 years

If you do not re-apply for CEP, you will return to standard counting and claiming methods

19

CEP Basics:

- Once CEP is elected, you maintain your ISP and claiming percentages for 4 years.
- You can update an upcoming school year if it will improve your claiming percentages by re-applying. If your ISP decreases, the existing approved percentage will continue for 4 years.
- CEP applications must be completed every 4 years. There are no extensions.
- If you do not re-apply for CEP after your 4-year cycle, you will return to standard counting and claiming methods, which means collecting free and reduced applications from families, charging for meals, and claiming based on free, reduced, and paid eligibility status.

CEP CLAIMING PERCENTAGES

Your ISP is multiplied by 1.6 to determine your free claiming percentage

If it is less than 100%, the difference is claimed at the paid rate

Example: an ISP of 50.00% x 1.6 = a free claiming percentage of 80.00%

100% - 80.00% = a paid claiming percentage of 20.00%

20

We have spent time talking about Identified Student Percentages. How does CEP Claiming actually work?

Your Identified Student Percentage (ISP) is multiplied by 1.6 to determine your free claiming percentage.

If the ISP is less than 100%, the difference is claimed at the paid rate. There are no reduced-price meals in CEP.

Here is an example:

So, if you have an ISP of 50.00%, you would multiply by 1.6 and end up with a free claiming percentage of 80.00%. ($50.00 \times 1.6 = 80.00$)

When 80.00 is subtracted from 100, it gives a paid claiming percentage of 20.00%

We will add the CEP percentages into iCAN, so all you'll need to do is enter the total number of meals served each month.

The system will apply the percentage to the total meals and calculate the number of free and paid meals to be claimed.

BENEFITS OF CEP

No Free and
Reduced-Price
Lunch Applications

Eliminates meal
payments and
tracking unpaid
charges

Simplifies meal
counting &
claiming

21

CEP has a lot of benefits:

- No F/R applications means that Admin time is not spent collecting application, determining student eligibility or conducting verification. There is also no need to print F/R applications or pay postage fees.
- CEP eliminates collecting meal payments from students and tracking meal balances and unpaid meal charges.
- CEP also simplifies meal counting and claiming. Meal counts can be completed by a tally, clicker or a check sheet. Once the daily totals are added together for the month, the total meals for the month are entered into iCAN. The computer system will split the meals into a free and paid claim using your approved percentage.

BENEFITS OF CEP

Increased meal participation

Meals for all at no cost

Flexible meal service locations

22

Some additional benefits include:

- CEP schools typically see an increase of meal participation, because meals are available for all children at no cost.
- Since meal counting procedures are simplified, there is also the ability to try out new service locations such as breakfast in the classroom or grab and go kiosks.

23

I bet you're wondering.. Is CEP beneficial for me and my district!?

Here is a tool that has been created by the USDA to input your data and help you to determine if CEP is financially beneficial for you.

This tool can help you to determine what your ISP may be and what increase or decrease in reimbursement your district would receive if you implement CEP. This link will be available in the posted powerpoint and are going to be shared in the chat box now.

You can also reach out to the CANS office for assistance in determining if CEP is feasible for your district in any participation option.

CEP TIMELINE CONTINUED

First day of your new CEP cycle begins.
This cycle will be used for the next 4 years.

1 July

If your school is not on the administrative review list to receive a full admin review, you **may** receive an abbreviated review.

School Year Begins

1 July – Start of School

A mandatory CEP Year 1 Training will be held – attendance at this training is required for CEP approval

25

Here is the remainder of the timeline:

READ STEPS/SLIDE

- At this time, we are unsure of the specific details regarding the mandatory year 1 training. It may be in person or virtual and we are still working on the dates.
- When the SA conducts an abbreviated review (desk audit), we look at one month of claim and the supporting meal counts. If we do not find any issues, then we close the abbreviated review, if there are issues, we will ask for further documentation.
- If you re-apply for a new ISP for your district or group any time during your 4-year cycle, you may receive another abbreviated review in your first year.

This is the end of our scheduled presentation.

CEP PROPOSED RULE

32

U.S. Department of Agriculture’s Food and Nutrition Service, child nutrition programs published a proposed rule in the Federal Register on March 23, 2023, with the intent to expand access to the Community Eligibility Provision (CEP) by lowering the minimum identified student percentage (ISP)¹ participation threshold from 40% to 25%. The rule gives more high-need schools the option to elect CEP and offer all students healthy school meals at no cost when it is financially viable for them to do so.

Webinar for school food authorities: Thursday, March 30, 2023, 3:00 PM EST. Please register for the Zoom webinar here:
