# Introduction

*Welcome to the Child Nutrition Programs iCAN user manual for the Child and Adult Care Food Program module. iCAN is a web-based software solution that provides administrators, state users, and Sponsors with efficient and immediate access to applications, claims, and related nutrition program functions.*

## Web Site Benefits and Features

iCAN is a user-friendly web application that allows authorized users to submit and approve application, claims, and miscellaneous forms via the Internet, as their security rights permit. Key system features include:

- A software system that manages information regarding Sponsors, applications, claims, and reports.
- A single integrated database which serves all child nutrition programs.
- The ability to save partially completed forms on-line, allowing the user to complete the process at a later time.
- Individual User IDs and passwords for secure login to program functions and accurate tracking of user behavior.
- A robust security module that streamlines security setting controls by enabling administrators to easily assign users to numerous pre-defined groups and eliminating the need to manually set each user's security access.

## User Manual

This user manual is intended for use by authorized Sponsor users that administer the CACFP Centers and Day Care Homes programs. It is designed to provide a general understanding of how to use the system in an effective and efficient manner. This manual will provide:

- A general explanation of each feature available.
- Screen examples of web site pages and forms.
- Step-by-step instructions for utilizing the web site features.
- Tips and notes to enhance your understanding of the system.

# 2

## Getting Started

*Before you can begin using the system, you must be assigned a user ID and password by South Dakota's Department of Education Child and Adult Nutrition Services (DOE CANS). This user ID and password provide the required security rights. Once this setup is complete, you may use the Internet and your assigned user ID and password to access and log onto the web site.*

### Accessing the Web Site

You can access iCAN from any computer connected to the Internet by opening your Internet browser and entering the URL in the browser's address line. The URL is: **<https://ican.sd.gov/ican/splash.aspx>**

---

**TIP:** You can add this URL to your browser's FAVORITES list or create a shortcut to the web site on your desktop for quicker access to the site. Refer to your browser or operating system help files for further information.

---

Figure 1: iCAN Home Page

## About the Home Page

- The system's Home Page consists of three major sections:
  - Bulletin Board
  - Log on
  - Links
- The bulletin board is managed by DOE and provides general information. It is important to remember that the bulletin board on the home page is viewable by the public.
- The log on section is where authorized users enter their User ID and password.
- The links section provides access to websites and additional information:
  - Selecting the Department of Education link will transfer the user to the South Dakota Department of Education website.
  - Selecting the Child and Adult Nutrition Services (CANS) link will transfer the user to the Child and Adult Nutrition Services webpage on the South Dakota Department of Education website.

## Logging On

### To log on

---

1. Access the system by typing the URL into the address line of your web browser.
  2. Enter your assigned User ID.
-

3. Enter your **Password**.
4. Select **Log On**.

---

**TIP:** The Password is case-sensitive, so be sure to use upper and lower-case letters, if necessary.

---

## To change your password

---

If this is your first time logging on, the system will automatically require you to change your password.

1. Select a new password and enter it into the box provided.
2. Re-enter your new password for confirmation.
3. Select **Save** to continue to the Programs page.

**Note:** Security configuration settings require a password ten (10) to twelve (12) characters in length. Please note that the password must be at least ten (10) characters in length.

The password must contain at least one number, one letter, and one special character (e.g., \$, ?, /). Passwords are case sensitive.

## Content Overview

Once you are logged in and have selected a Sponsor (if needed), the top portion of the application contains key elements that provide basic information about your location within the system and the selected Sponsor, if applicable.

Figure 2: Content Overview

Item	Description
<b>Program Name</b>	The selected program name appears in the gray area at the top of the page.
<b>Menu Items</b>	Menu items display on the blue menu bar at the top of the page. Selecting a menu item will take you to its menu page. Users may not have access to all menu items. If you are unable to select a particular menu item, you do not have the necessary security rights. Contact your CANS representative for assistance.
<b>Breadcrumb Trail</b>	The navigation, or breadcrumb trail, identifies your location within the web site. Selecting a specific portion of the trail will take you back to that particular screen.
<b>Program Year</b>	The selected Program Year displays on the right beneath the menu bar. Upon logging in, the system defaults to the most current active Program Year.
<b>Information Box</b>	The information box displays general information regarding the Sponsor and the site.
<b>Logout</b>	The logout button displays in the menu bar. It is recommended to select <b>Logout</b> to properly exit the system.

**Note:** For security reasons, the system will automatically log you out after twenty (20) minutes of inactivity.

## **Screen Options**

Data entry screens in the system offer the Sponsor user some or all of the following options: **VIEW**, **MODIFY**, **DELETE**

The Screen Options area is located on the top right side of the screen, directly beneath the colored bar.

**Figure 3: Screen Options - example**

The following table describes each of the possible screen options:

<b>Item</b>	<b>Description</b>
<b>VIEW</b>	Presents the screen information in 'view-only' mode. In this mode, the user cannot modify any data.
<b>MODIFY</b>	Presents the screen in 'modify' mode. In this mode, the user can modify field data and save the data after pressing the save button at the bottom of the screen.
<b>DELETE</b>	Deletes the current record displayed on the screen. The user will be presented with a confirmation screen to validate that they intend to delete the record. You may have to scroll down to the bottom of the screen to see the confirmation button.

**Note:** Screen options available to Sponsor users is defined by the State. Only authorized screen options will be displayed to the Sponsor user.

## Programs Page

Once you successfully log on, the Programs page is displayed. Actual access to specific modules is based on the user's security rights. For example, if the Sponsor only participates in SNP and CACFP, then only the SNP and CACFP buttons will display.

---

**TIP:** If the user is associated with only the CACFP program, the Programs Page will not display.

---

## Child and Adult Care Food Program Home Page

The Child and Adult Care Food Program home page contains the message board used by state administrators to post and maintain program-specific messages. ## Child and Adult Care Food Program menu options

From the Child and Adult Care Food Program home page, you can select a menu item from the blue menu bar at the top of the page. The Child and Adult Care Food Program menu bar contains only menu items specific to the Child and Adult Care Food Program. The table below describes the features available for each menu option, which the remainder of this manual will discuss in detail.

---

**TIP:** Individual users may have varying menu options due to the user's security configuration.

---

## Error Processing

All information entered and saved on the system is verified to ensure it conforms to data entry guidelines and system rules. The site performs two types of checks on information entered: Input Edits and Business Rule Edits.

### Input Edits

Whenever you save information or proceed to a new screen, the site checks for input errors. These errors may include entry errors such as an invalid data entry (such as entering a 4-digit Zip Code), or a non-logical entry (e.g., entering a greater number of eligible than enrolled children).

If a form contains an input error and the user selects **Save**, the screen either displays the error code and description in red at the top of the page (and the error code is a letter) or displays a message next to the field in error. Input errors must be corrected before you can proceed. The system will not save data entered on a screen that contains an input error. The user must correct the input errors and select **Save** again.

**Site Information**

Site ID:	0102

A  County:	

Figure 5: Examples of an Input Error (Partial Screen)

### Business Rule Edits

Business rule edits are used to ensure that entered data on a form conforms to state-defined guidelines/requirements and federal regulation. Once the user initiates a save, the system will perform business rule edit checks after all input errors have been corrected and display a confirmation screen stating that data entered has been saved and identifies whether errors exist.

The user may correct business rule errors immediately or at another time. The entered data will not be lost. The errors will display at the top of the screen with an error code (usually 4-5 digits) and error description. Business rule edits do not prohibit the system from saving the data entered on the screen.

Code	Error Description

---

**Board Member Information**

1. Board Member Type:	
2. Length of Time on Board:	2 Years

Figure 6: Example of a Business Rule Error (Partial Screen)

In addition, business rule edits have an error severity that indicates whether an error is considered an Error or a Warning. Errors appear in red and must be corrected before the form can be submitted. Warnings appear in blue and indicate an “out of the ordinary” data value. Warning errors do not need to be corrected prior to form submission.

Code	Warning Description
303005	License / Registration Information - Tax Status of "For Profit" has been selected, but the Type of Agency is "Private Non-Profit Organization".

**Figure 7: Example of a Warning Error**

## Selecting a Program Year

Information for Sponsors and sites is displayed based on the selected program year. Upon logging on to the system, the “active” program year is the default selection and displays in the top-right corner in the blue bar. In order to view information from a prior year, you will need to change the program year.

### To select a program year

---

1. Select **Year** on the blue menu bar at the top of the page. The Year Select screen displays.
2. Select the year.

**Note:** The selected year is indicated by **< Selected**.

3. Use the menu bar to return to your task in the program.

**TIP:** The ability to view and/or modify a program year is controlled by the State’s system administrator. It is important to note that a program year may be set as “view only” to the Sponsors and “modify” to authorized State users.

Figure 8: Year Select screen

**TIP:** The first year that is available to Sponsors is 2014 – 2015.

# Sponsor Search

**Note:** The Sponsor Search screen is applicable to Sponsor users who operate in multiple Sponsor organizations. If a Sponsor user is associated with only one Sponsor, the Sponsor Search is not applicable as it will only return the one Sponsor in which the user is associated.

When the Sponsor Search screen displays, you can search for the Sponsor using all or part of the Sponsor's ID, Name, or any other combination of parameters provided on this screen.

## To search for a Sponsor

1. On the menu bar, select **Search**. Then select **Sponsor Search**.
2. Enter search parameters (see table for additional information on using the search parameters).
3. Select **Search**.
4. Select the Sponsor you wish to access.

**TIP:** The Sponsors List displays based upon the search criteria entered. If no selections were made, the list displays all available Sponsors with the designated status (default is "Active"). To display all Sponsors, leave all search parameters blank and select **Search**.

**Note:** Sponsor users will only see Sponsors associated with their user account

The search parameters follow a specific set of rules. These are described in the following table.

If the type of search is identified as “includes”, the system will search for any Sponsor that includes the parameter in any portion of the selected field. For example, if the user entered “386” in the Sponsor ID parameter, the system will retrieve Sponsors with Sponsor IDs of “00386” and “01386”.

If the type of search is “exact match”, the system will search only for any Sponsor that exactly matches the parameter. For example, if the user selected “Aurora” in the County parameter, the system will retrieve all Sponsors associated with the county of Aurora.

<b>Parameter</b>	<b>Type of Search</b>	<b>Search Features</b>
<b>Agreement Number</b>	“includes”	<ul style="list-style-type: none"> <li>▪ If in combination with the Sponsor Name, the Agreement Number takes precedence</li> <li>▪ If in combination with any other parameter, all parameters are used to perform the search</li> </ul>

## Applications

*Now that you know how to access and log on to the system, the remainder of the manual will explore the functions of the Child and Adult Care Food Program module. Let's first look at the Applications component of the system, where users manage enrollment of Sponsors and sites.*

### About the Program Year Enrollment Process

In order to participate in the Child and Adult Care Food Program, Sponsors must submit an Application Packet to the State for review and approval. Before beginning the Application Packet, Sponsors must select the "Add" action on the Application Packet screen. The user is then transferred to a blank CACFP Sponsor application screen. A new Application Packet must be submitted and approved for each program year. Once the Application Packet is approved, monthly claims for reimbursement may be submitted.

## Submitting an Application Packet

The Sponsor can submit the Centers or Day Care Home Application Packet to the State once the application is deemed complete by the system. In order to be able to submit an Application Packet, the packet must contain:

- A completed Sponsor Application with no errors.
- A Board of Directors Members List must exist and contain no errors.
- A completed Budget Detail with no errors.
- All items in the Checklist are identified as submitted to DOE.
- At least one completed CACFP Site/Provider Application with no errors.

## Applications Menu

The Applications menu is the starting point for all tasks related to the annual Child and Adult Care Food Program enrollment process. Menu items are based on security levels.

### To access the Applications Menu

---

1. On the blue menu bar, select **Applications**. The Applications Menu displays.
2. Select an application item to access that application function.

## **Application Packet**

In order to participate in the Child and Adult Care Food Program (CACFP), Sponsors must submit an Application Packet to the State for review and approval. At the beginning of each program year, Sponsor data is rolled over and must be verified by Sponsors prior to submitting any claims.

There are two types of CACFP Application Packets - a Center Packet and a Day Care Home Packet. The overall application process is the same for both types, though some forms differ in content.

Generally, the Application Packet contains the Sponsor application, Site/Provider application(s), Board of Directors, Budget Detail and any required Checklist items. After selecting Application Packet from the Applications menu, each required packet item and its status displays. A red arrow displays beside packet items that are not complete, while a green arrow displays for packet items that have been completed without error.

**Note:** Sponsors may **not** submit claims until their Application Packet has been approved for the respective program year.

**Note:** Once an Application Packet has been approved, the Application Packet must be **re-submitted** for approval if any of the following items have been revised:

- Sponsor Application
- Center Application
- Board of Directors
- Budget Detail
- Site Application

An Application Packet **does not** need to be re-submitted for previously approved DCH Provider Application modifications or revisions.

## Application Packet – Center and DCH Sponsors

**Note:** The sections below apply to both Center and DCH Application Packets. The forms displayed in the following screenshots may apply to one or both application packet types.

### To access the Application Packet

1. On the blue menu bar, select **Applications**. The Applications menu screen displays.
2. On the menu, select **Application Packet – Center** or **Application Packet – DCH**. The Application Packet screen displays.
3. Select the packet item you want to access.

If the Application Packet has been submitted for approval by the Sponsor, it becomes “read only” to the Sponsor. The Application Packet screen is displayed with the following message to help make the Sponsor aware that they can no longer modify the submitted packet during this time.

**The Application Packet is currently under review by the State and is unavailable for changes.**

Figure 14: Application Packet – Message Once Submitted

## CACFP Sponsor Application

The Sponsor Application screen provides access to the Sponsor's annual application for the Child and Adult Care Food Program. The Sponsor is required to complete a new Sponsor application annually; however, if an application is contained within the system from the previous year, the State has identified select application data that rolls over from the previous year and pre-fills a new year's application.

---

**TIP:** When first displaying the Sponsor Application, Site Application, and Provider Application for a new program year, the system will display the application with pre-populated information from the prior year's last approved application.

---

### To view a Sponsor application (Original)

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The current year's Application Packet screen displays.
3. Select View next to the **Sponsor Application** packet item. The Sponsor Application for the designated program year is displayed.

**Note:** If there are multiple versions of a Sponsor application within the system (i.e., revisions exist), the system defaults to the version with the most current Application Effective Date designated on the Sponsor Application's Internal Use Only section.

### To view a Sponsor application (Revision)

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The most current year's Application Packet screen displays.
3. Select the revision link under the **Latest Version** column. The Sponsor Application History for the designated program year is displayed.
4. Select the application version you would like to view.

---

**TIP:** The View option appears in two situations: 1) If the user only has view-access security rights or 2) If the user has modify-access security rights BUT the Application Packet has been submitted to the State and is under State review and therefore can no longer be modified.

---

## To add a Sponsor application

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The most current year's Application Packet screen displays.
3. Select Add next to the **Sponsor Application** packet item. The Sponsor Application for the designated program year is displayed.
4. Enter required information.
5. Select **Save**. A confirmation screen displays.
6. Select **<Edit** to return to the Sponsor Application screen.  
-OR-  
Select **Finish** to return to the Application Packet screen.

---

**TIP:** If a Sponsor had an application in the previous year and has elected to enroll in the new year, the prior year's application information is rolled over into the new year's application as a starting point.

---

## To modify a Sponsor application

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The most current year's Application Packet screen displays.
3. Select Modify next to the **Sponsor Application** packet item. The Sponsor Application for the designated program year is displayed.
4. Modify any desired information.
5. Select **Save**. A confirmation screen displays.
6. Select **<Edit** to return to the Sponsor Application screen.  
-OR-  
Select **Finish** to return to the Application Packet screen.

---

**TIP:** The Modify option only appears when the Application Packet has not been submitted. Once an application has been submitted and approved by the State, a revised application must be submitted (i.e., the Revise option is displayed).

---

## To delete a Sponsor application

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The most current year's Application Packet screen displays.
3. Select **Modify** next to the **Sponsor Application** packet item. The Sponsor Application for the designated program year is displayed.
4. Select **DELETE** on the Edit menu in the top-right corner.
5. The system transfers you to the bottom of the screen and a warning message is displayed.
6. Select the **Delete** button at the bottom of the page. A confirmation message displays.

**WARNING:** A Sponsor application can only be deleted if the Sponsor has not yet submitted the application to the State for review.

Once the application has been deleted, it is permanently removed and cannot be restored. Use caution before deleting an application.

## To revise a Sponsor application (i.e., amend an approved Sponsor Application)

---

**Note:** Once a Sponsor revises the Sponsor application, the Application Packet must be re-submitted and the state review and approval process starts again.

1. On the blue menu bar, select **Applications**.
  2. From the Applications menu, select **Application Packet – Center** or **Application Packet – DCH**. The most current year's Application Packet screen displays.
  3. Select **Revise** next to the **Sponsor Application** packet item. The Sponsor Application for the designated program year is displayed.
  4. Modify any desired information.
  5. Select **Save**. A confirmation screen displays.
  6. Select **<Edit** to return to the Sponsor Application screen you just modified.
- OR-
- Select **Finish** to return to the Application Packet screen.

**TIP:** The Revise option only appears when the previously submitted Application Packet has been approved by the state.

## CACFP Centers: Site Application(s)

Sponsors serving as CACFP Centers must complete a Site Application for each of their sites. The Site Application screen provides access to the annual application for the Child and Adult Care Food Program for both new and renewing sites. Applications must be completed annually; however, if an application is contained within the system from the previous year, **the State** has identified select application data that rolls over from the previous year and pre-fills a new year's application.

### To access the Sponsor's site list

---

1. On the blue menu bar, select **Applications**.
2. From the Applications menu, select **Application Packet - Center**. The most current year's Application Packet screen displays for the selected Sponsor.
3. Under Site Applications, select **Site Application(s)**. The CACFP - Application Packet Site List displays.

Sponsors may enter Sponsor and site information into the monthly claim form beginning at the first of every month. Sponsors have sixty (60) days from the last day of the claim month/year to submit an original claim

**Note:** Claims cannot be created for a month if there is no approved Application Packet in effect for that period. If you cannot access claims for a specific month, be sure your Application Packet has been approved. If your Application Packet has been approved and you still cannot enter a claim for a specific month, contact your CANS representative to validate the effective date of the Sponsor application and Site application.

At the time claims are submitted, they are checked by the system to ensure they conform to established business rules governing reimbursement claim eligibility and approval.

The following table identifies the steps related to submitting and processing a claim:

Performed by	Task
Sponsor	Complete the Claim for Reimbursement form(s) for the selected claim month. Submit error-free claim to the State for processing.
State	Review and approve claim. Select claim for inclusion in the payment process. Send payment information to the appropriate State agency for payment.

## Claim Dates

The table below lists and describes the various dates used throughout the Claims functions of the system:

Date	Description
<b>Date Created</b>	This date is set to the current system date when the claim is initially created.
<b>Date Modified</b>	This date is set to the current system date when the claim is initially created and each time the claim is saved.
<b>Date Received</b>	This date is typically set to the date the claim was first submitted to the State. The value of this field is used to validate the 60/90 day claim rules.
<b>Date Accepted</b>	<p>This date is set to the current system date each time the claim is submitted for payment and contains no errors. If errors are detected during the submit process, the date is not set.</p> <p>These claims are identified with a status of “Accepted”. Accepted claims can be modified until they are included in a payment batch.</p>
<b>Date Processed</b>	<p>This is the date that the claim was added by the State into the batch payment process (via Payment Tracking in the Accounting module). Once the claim has been added to a batch (i.e., “batched”), it cannot be modified.</p> <p>These claims are identified with a status of “Accepted*” until the batch process has completed. When the batch process is completed, the status of the claim is “Processed”.</p> <p>If a change is required to a claim that has a status of “Accepted*” or “Processed”, a revised claim must be entered into the system.</p>

## **Claim Entry**

The Claim Entry function is used to enter, modify, and view claims. The system provides the ability to submit claims at the Sponsor or site level. Original and upward adjusted claims cannot be submitted if the received date is more than 60 days from the last day of the claim month/year. In order to create a claim in a given month, an approved Application Packet must be in effect for the period.

**Note:** The general claims functionality is the same for both Centers and Day Care Homes.

### **To access claim entry**

---

1. On the blue menu bar, select **Claims**.

On the Claims menu, select **Claim Entry – Centers** or **Claim Entry - DCH**.

# Application Packet Process

*This section of the manual provides information on how the State can review and approve CACFP Application Packets through the system.*

**Note:** For security purposes, users can only view Sponsors to whom they are associated.

## Submitting a CACFP Application Packet

All new enrollment or renewal enrollment applications are initially created with a status of “Pending Validation”. Once the Application has been saved, the system validates the business rules and the application’s status is set by the system to either “Error” (if any errors exist) or “Not Submitted” (no errors, but the Application Packet has not been submitted).

Only complete Application Packets that have no errors can be submitted to the State.

**TIP:** Application Packet items that are completed correctly and contain no errors are indicated with a green checkmark.

To submit a completed Application Packet, the Sponsor would select the **Submit for Approval** button. This simulates sending a completed Application Packet in the mail. Application items are placed in a view-only mode for the Sponsor.

An Application Packet can be submitted to the State (i.e., the **Submit for Approval** button is enabled) only if the following conditions have been met:

- The Sponsor Application must contain no errors.
- A Board of Directors Members List must exist and contain no errors.
- A Budget must exist and contain no errors.
- All items in the Checklist must be submitted (submitted checkbox checked and date submitted is entered).
- At least one Site or Provider Application must exist and contain no errors.
- The Sponsor is not closed.

Once the Sponsor has submitted the Application Packet, the State will review each item in the submitted Application Packet. The State may approve each application item, deny an application item, or return the application item and its respective Application Packet back to the Sponsor for correction.

If the Application Packet is denied or returned to the Sponsor for correction, the State will provide comments within the respective Application Packet item as to why the application was denied or what needs to be corrected in order to re-submit the Application Packet.

**Note:** If the Sponsor submits a Revised Application, which occurs when a Sponsor makes any changes to an "Approved" Application Packet (except a Provider Application), the packet's status automatically changes to "Not Submitted". The State is required to perform all of the steps identified above for the revised Application Packet. Changes to DCH Provider Applications do not affect a packet's status.

# Application Packet Statuses

Statuses are used to manage the workflow of the Application Packet. Each packet can have only one status at a time.

- **Not Submitted**
  - The packet has a status of “Not Submitted” when the packet is created for the first time or when any of the packet items are created, revised, or modified, but the Application Packet has not been submitted to the State.
- **Submitted**
  - The packet has a status of “Submitted” when the Sponsor uses the **Submit for Approval** button on the Application Packet screen to submit the error-free packet to the State for review.
  - If the packet status is “Submitted”, the entire packet becomes read-only to the Sponsor.
  - All applications that are “Submitted” must ultimately be “Approved”, “Denied”, “Returned for Correction”, or “Withdrawn”.
- **Approval Recommended (i.e., First Level Approved)**
  - When a Sponsor is new to the program, the system will require two levels of approval. This status represents the first level of approval performed by the State before a final approval is granted.
  - The Application Packet screen will display the **First Approval** button when the first level approval is required. After the button has been selected, this button will not display; however, the **Approve** button will be displayed.
- **Approved**
  - The packet has a status of “Approved” when the State has approved each packet item AND has selected the **Approve** button on the Application Packet screen.
- **Denied**
  - The packet has a status of “Denied” when the State selects the **Deny** button on the Application Packet screen.
  - When a packet is “Denied”, the packet remains view-only and nothing in the packet can be modified. The only way to edit items in a denied packet is for the State to change the status of the packet to something other than “Denied”.
  - By denying an Application Packet, the status of all items within the packet is automatically set to “Denied”.
  - An “Approved” packet cannot be “Denied”.
- **Returned for Corrections**
  - The packet has a status of “Returned for Corrections” when the State selects the **Return** button on the Application Packet screen.
  - This status unlocks the packet for the Sponsor and sets the status back to “Not Submitted”.
  - An “Approved” packet cannot be “Returned for Corrections”.
- **Withdrawn**
  - The packet has a status of “Withdrawn” when the Sponsor or State selects the **Withdraw** button on the Application Packet screen.
  - An Application Packet with a status of “First Level Approved” can be withdrawn.
  - An Application Packet with a status of “Approved” packet cannot be “Withdrawn”. If an application has been “Approved”, it can only be “Cancelled” or “Terminated” by the State (see *Application Packet* section).

# Application Statuses

Statuses are used to define the current state of an application packet item. Each application item can have only one status at a time.

- **Pending Validation**
  - The application has a status of “Pending Validation” when the application has not yet been opened or saved.
- **Error**
  - The application has a status of “Error” if it has failed system validation rules. Data entered is maintained.
- **Not Submitted**
  - The application has a status of “Not Submitted” when the application is saved without error, but the Application Packet has not been submitted to the State.
- **Submitted**
  - The application has a status of “Submitted” when the Sponsor has submitted the Application Packet to the State for review (i.e., the Sponsor has selected the **Submit for Approval** button).
  - Any application that is marked “Not Submitted” is changed to “Submitted”
  - The Application Packet becomes read-only to Sponsor users.
- **Approved**
  - The application has a status of “Approved” when the State has approved the application (i.e., the State selected “Approved” in the Internal Use Only section of the form).
- **Denied**
  - The application has a status of “Denied” when the State has denied the application (i.e., the State selected “Denied” in the Internal Use Only section of the form).
  - If the application is “Denied”, it can no longer be modified by the Sponsor. Only the State can change the status of the application.
  - When setting the application status to “Denied”, the State will enter a comment in the Comments to Sponsor field explaining the reason the application was denied.
- **Incomplete**

# Claim Statuses

Statuses are used to define the current state of a claim. Each claim can have only one status at a time.

- **Not Eligible**
  - The claim has a status of “Not Eligible” when there is an application condition that is preventing claiming for the selected month (e.g., Sponsor or site is not authorized on the Application Packet to operate for the selected month or the Application Packet status is not “Approved”).
- **Incomplete**
  - The claim has a status of “Incomplete” when the claim has been created in the system but the **Save** button was never clicked (e.g., timeout, logout, etc.). The system saves the data that has been entered, but no edits have been performed.
- **Error**
  - The claim has a status of “Error” when the claim has been submitted and has business rule violations.
- **Pending**
  - The claim has a status of “Pending” when the claim has been saved and on-line edits have been performed, but the claim has not been submitted and validated with additional edits (e.g., 60 days edit, etc.).
  - Applicable only when the Sponsor is participating in Sponsor -level claiming.
- **Validated**
  - This site claim has a status of “Validated” when the site claim has been entered, validated, and contains no errors.
  - Applicable only when the Sponsor is participating in site-level claiming.
- **Accepted**
  - The claim has a status of “Accepted” when the claim has passed all on-line edits and additional edits (e.g., 60 days edit, etc.), and is ready to be included in the payment tracking process.
  - The claim can still be modified. A revision is not necessary until the claim is included by the State in a batch payment process.
- **Accepted\***
  - The claim has a status of “Accepted\*” when the claim has been selected by the State for inclusion in the batch payment process; however, the batch process has not run.
  - The claim cannot be modified. If the claim requires a change, a revised claim must be submitted.
- **Processed**
  - Claim has been fully processed by DOE and has been sent to the State’s Accounting Office for disbursement of funds.
