

PARENTS / GUARDIANS:

How is your school's Special Education department doing?

The SD Parent Involvement Survey is given to all SD families with children receiving special education and related services. This is your opportunity to provide **CONFIDENTIAL** input about your local school district's special education program! Survey data will be summarized for the school district and the SD Department of Education to improve services for children and families in your school and across South Dakota.

If you already completed this survey on paper or on-line, thank you!

If you have not completed this survey yet, please ask your school district for a paper copy with a stamped, addressed envelope, or use this link or QR code before May 31, 2024: <https://survey.alchemer.com/s3/7323513/SD18>
