**Program monitoring and evaluation.**

In conjunction with its general supervisory responsibility under the Individuals with Disabilities Education Act, Part B, Special Education Programs (SEP) of the Division of Educational Services and Support shall monitor agencies, institutions, and organizations responsible for carrying out special education programs in the state, including any obligations imposed on those agencies, institutions, and organizations. The department shall ensure:

- (1) That the requirements of this article are carried out;
- (2) That each educational program for children with disabilities administered within the state, including each program administered by any other state or local agency, but not including elementary schools and secondary schools for Native American children operated or funded by the Secretary of the Interior:
  - (a) Is under the general supervision of the persons responsible for educational programs for children with disabilities in the department; and
  - (b) Meets the educational standards of the state education agency, including the requirements of this article; and
- (3) In carrying out this article with respect to homeless children, the requirements of the McKinney-Vento Homeless Assistance Act, as amended to January 1, 2007, are met. (Reference- ARSD 24:05:20:18.)

**State monitoring--Quantifiable indicators and priority areas.**

The department shall monitor school districts using quantifiable indicators in each of the following priority areas, and using such qualitative indicators as are needed to adequately measure performance in those areas:

- (1) Provision of Free Appropriate Public Education (FAPE) in the least restrictive environment;
  - (2) Department exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services as defined in this article and article 24:14; and
  - (3) Disproportionate representation of racial and ethnic groups in special education and related services, to the extent the representation is the result of inappropriate identification. (Reference-ARSD 24:05:20:18:02.)
-

**State enforcement -- Determinations.**

On an annual basis, based on local district performance data, information obtained through monitoring visits, and other information available, the department shall determine whether each school district meets the requirements and purposes of Part B of the IDEA...

Based upon the information obtained through monitoring visits, and any other public information made available, Special Education Programs of the Division of Educational Services and Support determines if the agency, institution, or organization responsible for carrying out special education programs in the state:

- Meets the requirements and purposes of Part B of the Act;
- Needs assistance in implementing the requirements of Part B of the Act'
- Needs intervention in implementing the requirements of Part B of the Act; or
- Needs substantial intervention in implementing the requirements of Part B of the Act. (Reference-ARSD 24:05:20:23.04.)

**Deficiency correction procedures.**

The department shall require local education agencies to correct deficiencies in program operations that are identified through monitoring as soon as possible, but not later than one year from written identification of the deficiency. The department shall order agencies to take corrective actions and to submit a plan for achieving and documenting full compliance. (Reference-ARSD 24:05:20:20.)

**GENERAL SUPERVISION / STATE PERFORMANCE PLAN COMPLIANCE INDICATOR**

**ARSD 24:05:25:03.04. Evaluation procedures -- Notice.** The school district shall provide notice to the parents of a child with a disability, in accordance with this article, that describes any evaluation procedures the district proposes to conduct.

**ARSD 24:05:27:01.03. Content of individualized education program.** Each student's individualized education program shall include:

(2) A statement of measurable annual goals, including academic and functional goals, designed to:

(a) Meet the student's needs that result from the student's disability to enable the student to be involved in and progress in the general education curriculum; and

(b) Meet each of the student's other educational needs that result from the student's disability;

For students with disabilities who take alternate assessments aligned to alternate achievement standards, each student's IEP shall provide a description of benchmarks or short-term objectives;

(3) A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student, or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student:

(a) To advance appropriately toward attaining the annual goals;

(b) To be involved and make progress in the general education curriculum in accordance with this section and to participate in extracurricular and other nonacademic activities; and

(c) To be educated and participate with other students with disabilities and nondisabled students in the activities described in this section;

(4) An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in activities described in this section;

(5) A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the student on state and district-wide assessments consistent with § 24:05:14:14. If the IEP team determines that the student shall take an alternate assessment instead of a particular regular state or district-wide assessment of student achievement, a statement of why:

- (a) The student cannot participate in the regular assessment; and
- (b) The particular alternate assessment selected is appropriate for the student;

(6) The projected date for the beginning of the services and modification described in this section and the anticipated frequency, location, and duration of those services and modifications;

(7) A description of how the student's progress toward the annual goals described in this section will be measured and when periodic reports on the progress the student is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

**ARSD 24:05:25:26. Extended school year authorized.** The district shall provide extended school year services to eligible children if the IEP team determines on an individual basis that such services are necessary for the provision of FAPE.

An IEP pursuant to chapter 24:05:27 shall be developed and implemented by the IEP team that addresses the need for extended school year services. The IEP team shall determine the length of the school day and duration of extended school year services based on the individual child's needs.

In implementing the requirements of this section, a district may not:

- (1) Limit extended school year services to particular categories of disability;
- (2) Unilaterally limit the type, amount, or duration of those services; or
- (3) Apply a regression/recoupment criterion to children in need of prolonged assistance.

As used in this section, the term, extended school year services, means special education and related services that meet the standards of the state and are provided to a student with a disability beyond the normal school year of the district, in accordance with the student's IEP and at no cost to the parents of the student.

**ARSD 24:05:30:05. Content of notice.** The notice must include the following:

- (1) A description of the action proposed or refused by the district, an explanation of why the district proposes or refuses to take the action, and a description of any other options the IEP team considered and the reasons why those options were rejected;
- (2) A description of each evaluation procedure, assessment, record, or report that the district uses as a basis for the proposal or refusal;
- (3) A description of any other factors which are relevant to the district's proposal or refusal;
- (4) A statement that the parents of a child with a disability have protection under the procedural safeguards of this article and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained; and
- (5) Sources for parents to contact to obtain assistance in understanding the provisions of this article.

**ARSD 24:05:25:12. Documentation of eligibility for specific learning disabilities.** For a child suspected of having a specific learning disability, the documentation of the determination of eligibility shall contain a statement of:

- (1) Whether the child has a specific learning disability;
- (2) The basis for making the determination, including an assurance that the determination has been made in accordance with this section;
- (3) The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child's academic functioning;
- (4) The educationally relevant medical findings, if any;
- (5) Whether:
  - (a) The child does not achieve adequately for the child's age or does not meet state-approved grade-level standards; and

- (b) The child does not make sufficient progress to meet age or state-approved grade-level standards; or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade level standards or intellectual development;
- (6) The determination of the group concerning the effects of a visual, hearing, or motor disability; cognitive disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child's achievement level;
- (7) If the child has participated in a process that assesses the child's response to scientific, research-based intervention:
  - (a) The instructional strategies used and the student-centered data collected; and
  - (b) The documentation that the child's parents were notified about:
    - (i) The state's policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
    - (ii) Strategies for increasing the child's rate of learning; and
    - (iii) The parents' right to request an evaluation;
- (8) If using the discrepancy model, the group finds that the child has a severe discrepancy of 1.5 standard deviations between achievement and intellectual ability in one or more of the eligibility areas, the group shall consider regression to the mean in determining the discrepancy; and
- (9) If using the response to intervention model for eligibility determination, the group shall demonstrate that the child's performance is below the mean relative to age or state approved grade level standards.

**ARSD 24:05:25:03. Preplacement evaluation.** Before any action is taken concerning the initial placement of a child with disabilities in a special education program, a full and individual initial evaluation of the child's educational needs must be conducted in accordance with the requirements of this chapter. Initial evaluations must be completed within 25 school days after receipt by the district of signed parent consent to evaluate unless other timelines are agreed to by the school administration and the parents.

Written evaluation reports, determination of eligibility, and conducting an IEP team meeting must be completed within 30 days from the end of the 25 school day evaluation timeline. If another timeline for completing the evaluation process is agreed to by the parent and school administration, the written evaluation reports, determination of eligibility, and conducting an IEP team meeting must be completed within 30 days from the end of agreed upon evaluation timeline.

Consistent with the consent requirements in this section, either a parent of a child or a school district may initiate a request for an initial evaluation to determine whether the child is a child with a disability.

**ARSD 24:05:25:19. Parents to receive copy of individual education program.** The district shall give the parents a copy of the individual education program, at no cost.

**ARSD 24:05:27:13.02. Transition services.** Transition services are a coordinated set of activities for a student with a disability, designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the student with a disability to facilitate the student's movement from school to postschool activities, including postsecondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities shall be based on the individual student's needs, taking into account the student's strengths, preferences and interests, and shall include instruction, related services, community experiences, the development of employment and other postschool adult living objectives, and, if appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

Transition services for students with disabilities may be special education, if provided as specially designed instruction, or related services, if required to assist a student with a disability to benefit from special education.

**ARSD 24:05:28:01. Least restrictive program to be provided.** Children in need of special education or special education and related services, to the maximum extent appropriate, shall be educated with children who are not disabled and shall be provided special programs and services to meet their individual needs which are coordinated with the regular educational program. Special classes, separate schooling, or other removal of children with disabilities from the regular educational classroom may occur only when the nature or severity of the child's needs is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

**ARSD 24:05:25:16.01. Participation of student in IEP team meeting.** If a purpose of the IEP team meeting is the consideration of postsecondary goals and transition services for a student, and if the meeting is for a child with a disability beginning not later than the first IEP to be in effect when the child turns 16, or younger if determined appropriate by the IEP team, the notice also must:

- (1) Indicate that a purpose of the meeting is the consideration of the postsecondary goals and transition services for the student;
- (2) Indicate that the district will invite the student; and
- (3) To the extent appropriate, with the consent of the parents or a student who has reached the age of majority, identify any other agency that is likely to be responsible for providing or paying for transition services and that will be invited to send a representative.

Parental consent, or the consent of an eligible student who has reached the age of majority under state law, must be obtained before personally identifiable information is released to officials of participating agencies providing or paying for transition services.

**ARSD 24:05:27:12. Graduation requirements.** Completion of an approved secondary special education program with a regular high school diploma signifies that the student no longer requires special education services. A regular high school diploma does not include an alternative degree that is not fully aligned with the state's academic standards, such as a certificate or a general educational development credential (GED). Graduation from high school with a regular high school diploma constitutes a change in placement requiring written prior notice in accordance with this article.

The instructional program shall be specified on the individual educational program. The individual educational program shall state specifically how the student in need of special education or special education and related services will satisfy the district's graduation requirements. The IEP team may modify the specific units of credit described in § 24:43:11:02. Parents must be informed through the individual educational program process at least one year in advance of the intent to graduate their child upon completion of the individual educational program and to terminate services by graduation.

For a student whose eligibility terminates under the above graduation provisions, or due to exceeding the age eligibility for a free appropriate public education, a school district shall provide the student with a summary of the student's academic achievement and functional performance, which shall include recommendations on how to assist the student in meeting the student's postsecondary goals.

**24:05:24.01:14. Other health impaired defined.** Other health impaired means having limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli that results in limited alertness with respect to the educational environment, because of a chronic or acute health problem, such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, attention deficit disorder or attention deficit hyperactivity disorder, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, Tourette syndrome, or diabetes, that adversely affects a student's educational performance.

Adverse effects in educational performance must be verified through the full and individual evaluation procedures as provided in § 24:05:25:04.
