From: Dr. Mike Lodmel, Superintendent

Please consider allowing schools who make positive progress in SPI score(s) to be reclassified based upon 2014-2015 cut off scores for 2015-2016 classification purposes. Districts that did not exceed their 2014-2015 SPI scores could still be held at 2014-2015 classifications but this would acknowledge the schools and staffs that spent much time and resources into improving these scores. Thank you for this consideration.
