Healthier CACFP Award Application

Recognizing Excellence in Nutrition and Physical Activity in Child Care

General Information

What is it?

The Healthier Child and Adult Care Food Program (CACFP) Award is a recognition system that supports the wellness efforts of child care centers participating in CACFP. Child care centers taking steps to improve the nutrition, physical activity, nutrition education and/or environment for children in their care can apply to win an award in one or more of these categories. Three award levels are offered: Honors, High Honors and Highest Honors

Why is it important?

With one in five children being overweight or obese by the age of 6, child care centers play an essential role in the prevention of childhood obesity. Child caregivers have an opportunity to positively impact children's healthy development by encouraging children to develop healthy habits at a young age.

Am I eligible to apply?

Participation in the CACFP and compliance with CACFP regulations is required to be eligible for the award. Meeting the award criteria and winning an award does not replace CACFP requirements. Applicants are required to be in good standing with the CACFP, defined as having completed and implemented all corrective actions from the previous compliance review and having not been seriously deficient in the past two years, at the time of application.

How do I apply?

The program application includes criteria in four categories: Menus, Physical Activity, Nutrition Education, and Environment. Applicants can choose which category(ies) they would like to apply for and at which level, and then submit the application to their State Child Nutrition Agency. Applications must include submission of the requested support documentation as listed in the "Evaluation" columns in the application. Instructions should be read carefully in each category to determine which criteria need to be met to achieve the different award levels. It is highly recommended that applicants utilize the Healthier CACFP Award Resource Book, which explains "why" and "how to" for each criterion and provides guidance and tools to assist with implementing the criteria.

What do I win?

Winners are recognized with awards issued jointly by the USDA, Food and Nutrition Service, and State agency that showcase the child care center's achievement in the community. Specific awards are based on the award level achieved and include banners, certificates, letters to parents, and logo stickers that can be posted to announce the high wellness priority of the center. At the highest award level, USDA, Food and Nutrition Service, officials will send an individualized congratulatory award presentation to the winners. Contact your State Child Nutrition agency to find out more about the specific awards being offered to Healthier CACFP Award winners.

Category 4: Environment	Award Level General Requirements			Evaluation
	Honors	High Honors	Highest Honors	
Directions specific to this section: All checked criteria are required, then <u>add your choice of additional criteria according to the award level:</u>	All checked <u>plus 3</u> additional	All checked <u>plus 4</u> additional	All checked <u>plus 5</u> additional	
The daily schedule promotes a relaxed and adequate period for meals and snacks. Children have ample time to eat and practice social interaction skills, such as having a conversation.	√	√	√	Submit a daily schedule of activities including meal beginning and end times.
Food is not used as incentive or punishment and children are not punished or rewarded for what they choose to eat. Certain food is not withheld as punishment and children are not forced to eat foods as a prerequisite to receiving an item or completing an activity.	√	√	√	Submit written policy and explain what techniques are used to punish or reward.
Children are instructed in hand washing techniques and both children and staff wash their hands before meals and snack.	√	√	√	Submit written policy and provide details of the hand washing techniques taught to children.
Children, including picky eaters (able to eat food but resisting), are gently encouraged by staff to try new or less favorite foods. Staff are role models for tasting new foods, and food is never forced.	√	√	√	Submit policy or employee handbook that explains process for gently encouraging picky eaters.
Menus are available and posted for staff and parents. Children and parents have opportunities to provide input on the food and menus.	√	√	√	Submit parent handbook, policy, or newsletter showing that parents are encouraged to provide input.
Children serve themselves during meals and snacks with adult supervision. Some or all foods are served family style to the maximum extent possible at each meal. Children help set the table and/or clear dishes after the meal is finished.	At least 1 food item is served family style at breakfast, lunch/supper and snack	At least 2 food items are served family style at meals, and 1 at snack.	All food items are served family style at all meals	Submit written policy specifying the number of food items served family style. Submit photos of the meal service.
Both children and staff wash hands before <u>and after</u> meals.				Submit written policy specifying that hand washing takes place both before and after meals.

Healthier CACFP Award Application

Recognizing Excellence in Nutrition and Physical Activity in Child Care

Children and staff sit down together for meals. Adults sit at the table and eat the same foods served to the children.				Submit policy or employee handbook indicating staff roles during meal time. Submit photos of meal time.
Staff show visible support for healthy nutrition and physical activity habits via posters, pictures, or books about nutrition and physical activity in every room.				Submit photos and/or examples of materials posted or available in each room.
Child-sized eating and serving utensils are available and used.				Submit written policy and a photo of children using utensils.
Parents are encouraged to bring non-food items for celebrations. Holidays are celebrated with mostly healthy foods or with non-food treats, such as stickers.				Submit parent handbook or policy regarding foods provided for celebrations.
Fundraising activities, if applicable, involving children/families are supportive of physical activity and healthful eating. If foods are sold, including snack bars and any foods sold to the children, they are nutritious.				Submit a list of items used to fundraise.
Food and vending machines, if present, are located in areas no visible or accessible to children.				Submit a description and photo of where vending machines are located.
If infant care is provided, breastfeeding is encouraged.				Submit breastfeeding policy or parent handbook addressing breastfeeding.
If infant care is provided, breastfeeding mothers are accommodated with a separate area to breastfeed and/or pump breast milk.				Submit a photo of the breastfeeding area.
