## Course Description:

Middle School Interior Design explores interior design in the Visual Arts Pathway in the Arts, Audio/Video, Technology, and Communication Career Cluster. Interior design influences all aspects of our lives in home, school, and work. Understanding the knowledge and skills used in interior design will assist students in learning about the elements and principles of design. Space planning is also a focus for the middle school program.

## Program of Study Application

Middle School Interior Design is a middle school course that prepares students to participate in the Arts, Audio-Visual Technology and Communications career cluster, particular courses in that cluster with an emphasis on interior design or visual arts.
