

BE READY FOR WHAT'S NEXT!

Your student will go on to college, a technical institute or other training and, ultimately, the workforce. He or she needs to be ready. Here's how you can help.

Encourage your student to:

Take rigorous courses
in English, math, science and
social studies

Utilize SDMyLife.com
an online planning tool for matching
students' interests and skills to
academic and career opportunities

Explore courses
in career and technical education.
Consider foreign language courses, too.

Meet criteria

for the South Dakota Opportunity Scholarship, a
\$6,500 award available to students who attend an
in-state college, university or technical institute

Boost their resume
by earning the National
Career Readiness Certificate

Save time & money

with dual credit, Advanced Placement
and college readiness courses

Explore financial aid options

including federal loans, grants and South Dakota scholarships,
like the Opportunity Scholarship, Build Dakota and Dakota Corps
