

Domain	Subcategory	Public Element Name	Field Definition
Student Attendance	Student Attendance	Academic Year	Indicates the school year attendance record was tracked.
Student Attendance	Student Attendance	Attendance Code	Locally defined code for attendance
Student Attendance	Student Attendance	Attendance Description	Describes the absence
Student Attendance	Student Attendance	Sort order	Sort order
Student Attendance	Student Attendance	Attendance Category Codes	Locally defined code for absence types.
Student Attendance	Student Attendance	Attendance Category Description	Describes the type of absence that was entered (e.g. excused, unexcused)
Student Assessment Information	Assessment Results	Academic Year	School year the assessment was taken
Student Assessment Information	Assessment Results	Abbreviated Assessment Name	Shorthand version of the assessment name. For example, DSTEP
Student Assessment Information	Assessment Results	Full Assessment Name	Long form description of the assessment name. For example, South Dakota Test of Educational Progress (DSTEP)
Student Assessment Information	Assessment Results	Internal Test Code	Internal name used for ALM
Student Assessment Information	Assessment Results	Test Day	Date YYYYMMDD an assessment was administered
Student Assessment Information	Assessment Results	Test Type and Year	Indicates the name of the assessment, the time of year, and year it was administered. For example, ACCESS Spring 2012.
Student Assessment Information	Assessment Results	Grade Level Tested	Indicates the grade tested for the specific assessment.
Student Assessment Information	Assessment Results	Proficiency Grade Level	Same as grade level tested...
Student Assessment Information	Assessment Results	Student Information System ID	Same as unique ID
Student Assessment Information	Assessment Results	Student Information System ID	Displays the student id for pupil taking the assessment.
Student Assessment Information	Assessment Results	Student First Name	Spelling of a student's first name
Student Assessment Information	Assessment Results	Student Last Name	Spelling of a student's last name
Student Assessment Information	Assessment Results	Full Name of Student	Spelling of the full name for a specific student (first and last).
Student Assessment Information	Assessment Results	Student Birthday	Full birthday of student in yyyy-mm-dd format.
Student Assessment Information	Assessment Results	Student Birth Year	Year the student was born.
Student Assessment Information	Assessment Results	Student Birth Month	Month of the calendar year in which the student was born.
Student Assessment Information	Assessment Results	Student's grade level	Numeric code indicating the grade a student was in when taking the assessment.
Student Assessment Information	Assessment Results	Student's grade level	Actual spelling of the grade a student was in when taking the assessment.
Student Assessment Information	Assessment Results	Gender Code	Alphanumeric code indicates the gender of a student who took an assessment.
Student Assessment Information	Assessment Results	Gender	Actual spelling of a student's gender
Student Assessment Information	Assessment Results	Ethnicity Code	Alphanumeric codes for identifying a test taker's ethnicity
Student Assessment Information	Assessment Results	Ethnicity	Actual spelling of a test taker's ethnicity
Student Assessment Information	Assessment Results	Race Code	Alphanumeric codes for identifying a test taker's race
Student Assessment Information	Assessment Results	Race	Actual spelling of a test taker's race
Student Assessment Information	Assessment Results	Migratory Code	Alphanumeric code identifying a student as migrant, not migrant, or unknown.
Student Assessment Information	Assessment Results	Migrant	Actual spelling of student's migratory status (e.g., Migrant, Not Migrant)
Student Assessment Information	Assessment Results	Economically Disadvantaged Flag	A yes/no indication of a student's free and reduced lunch status (ED indicator).
Student Assessment Information	Assessment Results	English Language Learner Flag	A yes/no indication of a student's English Language Learner status.
Student Assessment Information	Assessment Results	Migrant Program Flag	A yes/no indicator of a student's status as a participant in the migrant program.
Student Assessment Information	Assessment Results	Testing Accommodations Flay	A yes/no indicator as to a student's use of approved accommodations for testing.
Student Assessment Information	Assessment Results	Accommodation Codes	Codes defining which accommodations approved students are using during a test administration.
Student Assessment Information	Assessment Results	Date Entered	Date value for entry
Student Assessment Information	Assessment Results	504 Flag	Yes/No indicator related to a student's status as 504.
Student Assessment Information	Assessment Results	Individualized Education Program (IEP) flag	Yes/No indicator related to a student's IEP status.
Student Assessment Information	Assessment Structure	Academic Year	Numeric representation of the academic year an assessment was administered
Student Assessment Information	Assessment Structure	Test Group	The test group a specific assessment belongs to. For example, the DSTEP would belong to the DSTEP test group.
Student Assessment Information	Assessment Structure	Abbreviated Assessment Name	A common set of abbreviated names for a specific assessment. For example, the American College Test is referred to as ACT.
Student Assessment Information	Assessment Structure	Long Form Assessment Name	Actual spelling of a specific assessment. For example, DSTEP is actually the South Dakota Test of Educational Progress.
Student Assessment Information	Assessment Structure	Frequency of Administration	Indicates the frequency in which a specific assessment is administered.
Student Assessment Information	Assessment Structure	Test Code	Internal code that defined the test group and year/period the assessment was administered.
Student Assessment Information	Assessment Structure	Test Description	Long form representation of the test code. For example, the test description for STEPA_2011 is STEPA Spring 2011.
Student Assessment Information	Assessment Structure	Abbreviated Test Strand Name 1	An abbreviated description of a subject strand associated with a specific assessment. For example, Mathematics may be represented as Math.

Domain	Subcategory	Public Element Name	Field Definition
Student Assessment Information	Assessment Structure	Long Form Test Strand Name 1	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Strand 1 Description	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Abbreviated Test Strand Name 2	An abbreviated description of a subject strand associated with a specific assessment. For example, Mathematics may be represented as Math.
Student Assessment Information	Assessment Structure	Long Form Test Strand Name 2	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Strand 2 Description	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Abbreviated Test Strand Name 3	An abbreviated description of a subject strand associated with a specific assessment. For example, Mathematics may be represented as Math.
Student Assessment Information	Assessment Structure	Long Form Test Strand Name 3	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Strand 3 Description	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Abbreviated Test Strand Name 4	An abbreviated description of a subject strand associated with a specific assessment. For example, Mathematics may be represented as Math.
Student Assessment Information	Assessment Structure	Long Form Test Strand Name 4	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Strand 4 Description	A long form description of a subject strand associated with a specific assessment. For example, Sci is spelled out as Science.
Student Assessment Information	Assessment Structure	Abbreviated Assessment Scoring Method/Type	An abbreviated description of the scoring method used to determine performance on a specific assessment. For example, RS is an abbreviated way of portraying Raw Score.
Student Assessment Information	Assessment Structure	Long Form Assessment Scoring Method/Type	Full description of the scoring method used to determine performance on a specific assessment. For example, Scale Score or Percent Correct are methods by which one can assess student performance on a specific assessment.
Student Assessment Information	Assessment Structure	Same as above	Full description of the scoring method used to determine performance on a specific assessment. For example, Scale Score or Percent Correct are methods by which one can assess student performance on a specific assessment.
Student Assessment Information	Assessment Structure	Date Entered	Date value for entry
Student Special Programs	Program Participation - SPED	Program Start Date	Calendar date YYYYMMDD that a student starts receiving SPED services in a specific school.
Student Special Programs	Program Participation - SPED	Program End Date	Calendar date YYYYMMDD that a student receiving SPED services exited the school, had a change in IEP, or is noted as not receiving services anymore.
Student Special Programs	Program Participation - SPED	Program Exit Codes	Codes defining why a student exited SPED services. For example, if a student moves, they are coded as a 6 (moved, known to be continuing).
Student Special Programs	Program Participation - SPED	Program Exit Description	Full description of why a student exited SPED services. For example, a student may have a change in IEP. This is noted in the field.
Student Special Programs	Program Participation - SPED	SPED Program Type Code	Short code for describing the type SPED program a student is in. For example, a student coded as "B" is mild to moderate disabilities.
Student Special Programs	Program Participation - SPED	SPED Program Type	Full description of the type of SPED program a student is in. Severe disabilities is an example of data found in this field.
Student Special Programs	Program Participation - SPED	SPED Student Classroom Setting Code	A short code describing the classroom setting a SPED student is placed within. For example, 0150 is a code for Home/Hospital.
Student Special Programs	Program Participation - SPED	SPED Student Classroom Setting	Full description of the classroom setting a SPED student is placed within. For example, a resource room is a classroom setting where a SPED student may be placed.
Student Special Programs	Program Participation - SPED	Primary Disability Indicator	A short code indicating the primary disability associated with a specific SPED student. For example, 505 is a student with emotional disturbance.

Domain	Subcategory	Public Element Name	Field Definition
Student Special Programs	Program Participation - SPED	Primary Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field.
Student Special Programs	Program Participation - SPED	Multiple Disability Indicator	Short code for describing specific disabilities possessed by a student with more than one disability. Codes are the same as those in the primary disability indicator field.
Student Special Programs	Program Participation - SPED	Multiple Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field. Descriptions are the same as those in the primary disability descriptor.
Student Special Programs	Program Participation - SPED	Multiple Disability Indicator	Short code for describing specific disabilities possessed by a student with more than one disability. Codes are the same as those in the primary disability indicator field.
Student Special Programs	Program Participation - SPED	Multiple Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field.
Student Special Programs	Program Participation - SPED	Multiple Disability Indicator	Short code for describing specific disabilities possessed by a student with more than one disability. Codes are the same as those in the primary disability indicator field.
Student Special Programs	Program Participation - SPED	Multiple Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field. Descriptions are the same as those in the primary disability descriptor.
Student Special Programs	Program Participation - SPED	Multiple Disability Indicator	Short code for describing specific disabilities possessed by a student with more than one disability. Codes are the same as those in the primary disability indicator field.
Student Special Programs	Program Participation - SPED	Multiple Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field. Descriptions are the same as those in the primary disability descriptor.
Student Special Programs	Program Participation - SPED	Multiple Disability Indicator	Short code for describing specific disabilities possessed by a student with more than one disability. Codes are the same as those in the primary disability indicator field.
Student Special Programs	Program Participation - SPED	Multiple Disability Descriptor	Full description of a SPED student's primary disability. For example, a student who has developmental delay is captured in this field.
Student Enrollments	Enrollment Details	Date Enrolled	Date a specific student enrolled in a distinct district and attendance center in a given school year.
Student Enrollments	Enrollment Details	Exit Date	Date a specific student exited a distinct district and attendance center in a given school year.
Student Enrollments	Enrollment Details	Enrollment Indicator	A binary (1,0) indicator as to whether a student is enrolled in a school and district.
Student Enrollments	Enrollment Details	Number of Days Enrolled	Numeric count of total number of days a student was enrolled in a specific district and attendance center.
Student Enrollments	Enrollment Details	Number Absent Days	Numeric count of total number of days a student was absent from a specific district and attendance center. NOTE: This count goes to 2 decimal places.
Student Enrollments	Enrollment Details	Serving District ID	District identified as providing educational services to a specific student.
Student Enrollments	Enrollment Details	Resident District ID	District identified as the school district a student resides within.
Student Enrollments	Enrollment Details	Student Grade Level	Numeric indication of a specific student's grade level for a given academic year.
Student Behavior/Discipline Information	Behavior and Discipline Details	Person Reporting	Indicates who reported the discipline offense
Student Behavior/Discipline Information	Behavior and Discipline Details	Discipline Offense Explanation	Describes the discipline offense
Student Behavior/Discipline Information	Behavior and Discipline Details	Offense Indicator	Binary indicator (1,0) that a discipline offense occurred.
Student Attendance	Daily Attendance Details	Full and Partial Attendance Count	Describes the attendance count for a particular student. In other words, this field shows whether a student was absent for a half or full day.
Student Attendance	Daily Attendance Details	Total Periods Absent	Sum of periods a specific student was absent on a given day.
Student Attendance	Daily Attendance Details	Total Minutes Absent	Sum of minutes a specific student was absent on a given day.
Student Attendance	Daily Attendance Details	Scheduled Daily Minutes	Sum of minutes scheduled for a specific school day
Student Assessment Information	Strand and Measure Results	Strand Numeric Score	Numeric score for an assessment
Student Assessment Information	Strand and Measure Results	Date Entered	Date entry value
Student Course Schedules	Semester, Quarter, Trimester Details	Academic Year	Indicates the school year for the schedule track.
Student Course Schedules	Semester, Quarter, Trimester Details	Internal key used for querying	Internal key used for querying
Student Course Schedules	Semester, Quarter, Trimester Details	Calendar Track Code	
Student Course Schedules	Semester, Quarter, Trimester Details	Calendar Track Descriptor	Description of the track as it relates to the school calendar (e.g., SY and Elementary)
Student Course Schedules	Semester, Quarter, Trimester Details	Summer School Flag	Indicates if the schedule track is for Summer School (Y or N)
Student Course Schedules	Semester, Quarter, Trimester Details	Calendar First Day	Date the calendar started

Domain	Subcategory	Public Element Name	Field Definition
Student Course Schedules	Semester, Quarter, Trimester Details	Calendar Last Day	Date the calendar ended
Student Course Schedules	Semester, Quarter, Trimester Details	Date Entered	Date entry value
Student Course Schedules	Semester, Quarter, Trimester Details	Academic Year	Current or historic school year
Student Course Schedules	Semester, Quarter, Trimester Details	School Term Codes	Code describing the term during the school year
Student Course Schedules	Semester, Quarter, Trimester Details	School Term Descriptor	Numeric description of the school term (e.g., 1,2,3,4)
Student Course Schedules	Semester, Quarter, Trimester Details	School Term Start Date	Date the term starts/started
Student Course Schedules	Semester, Quarter, Trimester Details	Sort order	Sort order
Student Course Schedules	Semester, Quarter, Trimester Details	School Term Ending Date	Date the term ends/ended
Student Course Schedules	Semester, Quarter, Trimester Details	Date Entered	Date entry value
Student Demographics	Demographic Details	Same as LEA Student ID	Local student ID number
Student Enrollments	Enrollment Details	Currently Enrolled Flag	Indicates whether a student is currently enrolled in a district.
Student Enrollments	Enrollment Details	Multiple Enrollments Flag	Indicates a student is enrolled in multiple districts
Student Enrollments	Demographic Details	Percent Enrolled	Indicates the percentage a student is enrolled
Student Demographics	Demographic Details	Student ID	Unique student ID
Student Demographics	Demographic Details	District Student ID	Local student ID number
Student Demographics	Demographic Details	State Student ID	State unique ID Number
Student Demographics	Demographic Details	Social Security Number	Nine digit number identifying a student's social security number.
Student Enrollments	Funding Details	Funding Code	Code used to determine how student is funded
Student Enrollments	Funding Details	Funding Description	Description of funding type
Student Demographics	Demographic Details	Student First Name	First name of student
Student Demographics	Demographic Details	Student Middle Name	Middle name of student
Student Demographics	Demographic Details	Student Last Name	Last name of student
Student Demographics	Demographic Details	Student Name Prefixes	Title that precedes the student's name.
Student Demographics	Demographic Details	Student Name Suffixes	Title that is displayed after the student's name. Suffix like Jr. III
Student Demographics	Demographic Details	First and Last Name	First and last name of student
Student Demographics	Demographic Details	Name Preference	
Student Enrollments	Grade Levels	Numeric Grade	Code indicating a student's grade level in school
Student Enrollments	Grade Levels	Alphabetic Grade	Text description of the student's grade level
Student Enrollments	Grade Levels	Sort order	Sort order
Student Demographics	Demographic Details	Gender Indicator (M/F)	Code for a student's gender
Student Demographics	Demographic Details	Gender Description	Text description of student's gender
Student Demographics	Demographic Details	Race	Code for a student's race
Student Demographics	Demographic Details	Race Description	Text description of student's race
Student Demographics	Demographic Details	Date of Birth	Date a student was born
Student Demographics	Demographic Details	Birth Country	Denotes country where a student was born
Student Special Programs	Program Participation - Migratory/ELL	Citizenship Indicator	Status of student's citizenship.
Student Special Programs	Program Participation - Migratory/ELL	Date Entered United States	Date the student entered the United States
Student Special Programs	Program Participation - Migratory/ELL	Migrant Indicator	Migrant code indicating a student's status as a migrant student.
Student Special Programs	Program Participation - Migratory/ELL	Migrant Status Description	Alphanumeric description of migrant status
Student Demographics	Meal Programs Status	Free/Reduced Lunch Coding	Code describing whether the student receives free, reduced, or standard lunches
Student Demographics	Meal Programs Status	Free/Reduced Lunch Descriptor	Text description of student's meal status
Student Special Programs	Program Participation - SPED	Primary Disability	A yes/no indicator denoting if a student has a primary disability.
Student Special Programs	Program Participation - SPED	Disability Flag	Indicates if student has a disability.
Student Special Programs	Program Participation - SPED	Free/Reduced Lunch Flag	Indicates a student's participation in the Free and Reduced lunch program
Student Special Programs	Program Participation - ELL	ELL Flag	Indicates if a student is an English Language Learner
Student Special Programs	Program Participation - Migratory	Migrant Flag	Indicates if a student is considered migrant
Student Special Programs	Program Participation - Homeless	Homeless Flag	Indicates if a student meets federal definition of being homeless.
Student Demographics	Demographic Details	Federal Race Codes	Federally defined code for a student's race/ethnicity.
Student Special Programs	Program Participation - Homeless	Homeless Type Codes	Federal code for type of homelessness.
Student Special Programs	Program Participation - Homeless	Description of Homelessness Type	English description of homelessness type.
Student Special Programs	Program Participation - ELL	Student Home/Primary Language Code	Code for language spoken in a student's home
Student Special Programs	Program Participation - ELL	Student Home/Primary Language Description	Text description of the language spoken in a student's home
School Calendars	School Schedules	Academic Year	
School Calendars	School Schedules	School Year Date	Indicates the date of the school day for a given school year.
School Calendars	School Schedules	Long Form School Year	Displays the two calendar years a regular academic year spans.
School Calendars	School Schedules	School Start	Shows the YYYYMMDD for the first day of school in a given school/academic year.
School Calendars	School Schedules	School End	Shows the YYYYMMDD for the last day of school in a given school/academic year.
School Calendars	School Schedules	School Day Flag	A flag that indicates whether a given day of the year constitutes a school day.
School Calendars	School Schedules	Date DD Month YYYY	DD Month YYYY description of a date for a specific school calendar.
School Calendars	School Schedules	Date Value	Date data was brought in...
Student Course Schedules	School Period Details	Academic Year	Represents a specific academic year...either current or historical
Student Course Schedules	School Period Details	Period Codes	Sequential number that sorts the school periods.
Student Course Schedules	School Period Details	Period Identifier	Identifies the specific school period in a given school day. For example, period 2 would indicate the second period in a school day for a specific attendance center.
Student Course Schedules	School Period Details	Period Start	Time of day a specific school period for a specific attendance center starts.

Domain	Subcategory	Public Element Name	Field Definition
Student Course Schedules	School Period Details	Sort order	Sort order
Student Course Schedules	School Period Details	Period End	Time of day a specific school period for a specific attendance center ends.
Student Course Schedules	School Period Details	Date Stamp	Date Stamp
School Directory Information	School Types	Academic Year	
School Directory Information	School Types	School Type Code	Directory/Structure code that defines the type of school for an attendance center within a district.
School Directory Information	School Types	School Type Description	Alphanumeric string that describes the school type. For example, elementary school.
School Directory Information	School Types	Date Stamp	Date Stamp
Student Behavior/Discipline Information	Discipline Response Details	Academic Year	Current or historic school year
Student Behavior/Discipline Information	Discipline Response Details	Response Code by Discipline Category	Code for discipline response category
Student Behavior/Discipline Information	Discipline Response Details	Response Description by Category	Description of discipline response category
Student Behavior/Discipline Information	Discipline Response Details	Response Code	Code for discipline response.
Student Behavior/Discipline Information	Discipline Response Details	Response Description	Description of the discipline response.
Student Behavior/Discipline Information	Discipline Response Details	Sort order	Sort order
Student Behavior/Discipline Information	Discipline Response Details	Date Stamp	Date Stamp
Student Behavior/Discipline Information	Discipline Response Details	Academic Year	Current or historic school year
Student Behavior/Discipline Information	Discipline Offense Details	Offense Code	Code for discipline offense
Student Behavior/Discipline Information	Discipline Offense Details	Offense Description	Description of the discipline offense
School Calendars	School Schedules	Date	Numeric value given for date. Goes back to 1990 January 1.
School Calendars	School Schedules	Date Entry	Date data was brought in...
School Calendars	School Schedules	Day Identifier	Concatenated date in yyyyymmdd.
School Calendars	School Schedules	Date	Date in mmdyyyy.
School Calendars	School Schedules	Day of the week	Actual spelling of the week day.
School Calendars	School Schedules	Month day	Numeric value for date in a specific month (ex: 3)
School Calendars	School Schedules	Month and day	For example: January 1st
School Calendars	School Schedules	Quarter Date	Specific day number in a given quarter. For example, 1st day of 1st quarter.
School Calendars	School Schedules	Name for Quarter Date	For example: 1st day of 1st Quarter
School Calendars	School Schedules	Day in the week	Numeric value for a specific day of the week.
School Calendars	School Schedules	Day of the year	Numeric and sequential value for what day of the year it is.
School Calendars	School Schedules	Number of Days in 24 Hours	Indicates the number of days in a 24 hour time period. Should always = 1.
School Calendars	School Schedules	Days per month	Numeric value for number of days in a specific month.
School Calendars	School Schedules	Number of days in week	Numeric value for number of days within a specific week.
School Calendars	School Schedules	Number of Days in Year	Numeric value for number of days within a specific calendar year.
School Calendars	School Schedules	Weekday Indicator	Flag indicating if a specific day is classified as a weekday.
School Calendars	School Schedules	Weekend Indicator	Flag indicating if a specific day falls on a weekend.
School Calendars	School Schedules	Week Count	Long form description of the week of a calendar year. For example, the first week in February is noted as Week 5 in the DB.
School Calendars	School Schedules	Long Form Week/Year	Actual spelling for the week in a specific year.
School Calendars	School Schedules	Week in Year	
School Calendars	School Schedules	Abbreviated Week Description	Alphanumeric representation of the week of the year (WK1 - 52)
School Calendars	School Schedules	Week Number and Year Abbreviated	A short abbreviation of the week number and calendar year for a specific week in a specific calendar year. For example, the third week of 2013 would be 2013-CW3
School Calendars	School Schedules	First weekday	YYYYMMDD representation of the beginning of a given week
School Calendars	School Schedules	Last weekday	YYYYMMDD representation of the end of a given week.
School Calendars	School Schedules	Month	Actual spelling of the month
School Calendars	School Schedules	Abbreviated month and year	Abbreviation of the month and year (e.g., Feb-13)
School Calendars	School Schedules	Quarter Month	Numeric value representing which month of a quarter a specific month is.
School Calendars	School Schedules	Abbreviated month	An abbreviation for a specific month in a given year (e.g., Mar)
School Calendars	School Schedules	Month Start	Indicates the date the month starts YYYYMMDD
School Calendars	School Schedules	Month End	Indicates the date the month ends (YYYYMMDD)
School Calendars	School Schedules	Quarter	Alphanumeric indication of the quarter a month falls in (e.g., Quarter 2).
School Calendars	School Schedules	Quarter and Year	Indicates the ordinal value of the quarter and given year. For example, 3rd Quarter, 2012
School Calendars	School Schedules	Abbreviated Quarter	Common shorthand to indicate the quarter and number. For example, Q1 = Quarter 1
School Calendars	School Schedules	Abbreviated Quarter and Year	A shorthand abbreviation of the quarter and year for a specific calendar year.
School Calendars	School Schedules	Quarter Start Date	MMDDYYYY representation of the day a specific quarter starts within a given year.
School Calendars	School Schedules	Quarter End Date	MMDDYYYY representation of the day a specific quarter ends within a given year.
School Calendars	School Schedules	Year	Numeric indication of a specific year.
School Calendars	School Schedules	Calendar Year End Date	MMDDYYYY representation of the last day on the calendar for a specific year.
School Calendars	School Schedules	Month Indicator	Numeric indicator of the month during a calendar year. For example, 9 = September.

Domain	Subcategory	Public Element Name	Field Definition
School Calendars	School Schedules	Quarter Number Indicator	Numeric indicator of a specific quarter within a given year. For example, 2 = 2nd quarter of the year.
School Calendars	School Schedules	Abbreviated Year	A two digit numeric abbreviation for a specific year. For example, 99 = 1999.
School Calendars	School Schedules	Abbreviated Federal Fiscal Month	A shorthand abbreviation of the federal fiscal month within a given year. For example, FF-M06 translates to the 6th month in the federal fiscal year.
School Calendars	School Schedules	Abbreviated Federal Fiscal Quarter	A shorthand abbreviation of the federal fiscal quarter within a given year. For example, FF-Q02 translates to the 2nd quarter in the federal fiscal year.
School Calendars	School Schedules	Federal Fiscal Year	A shorthand abbreviation for a specific fiscal year for the federal government. For example, FFY-90 = Federal Fiscal Year 1990.
School Calendars	School Schedules	State Fiscal Month	A shorthand abbreviation of the state fiscal month within a given year. For example, SF-M07 translates to the 7th month in the state fiscal year.
School Calendars	School Schedules	State Fiscal Quarter	A shorthand abbreviation of the federal fiscal quarter within a given year. For example, SF-Q04 translates to the 4th quarter in the state fiscal year.
School Calendars	School Schedules	State Fiscal Year	A shorthand abbreviation for a specific fiscal year for state government. For example, SFY-03 = State Fiscal Year 2003.
School Calendars	School Schedules	Biennium Indicator	Indicates the biennium year on the calendar.
School Calendars	School Schedules	Biennium End Year	Indicates the year a specific biennium ends.
School Calendars	School Schedules	Biennium Month Indicator	Indicates the sequence a specific month falls in for a specific biennium. For example, 22 = 22nd month for a biennium.
School Calendars	School Schedules	Biennium Start Year	Indicates the year a specific biennium starts.
School Calendars	School Schedules	Biennium Year Span	Indicates the years a biennium encompasses. For example, the 91 biennium would span 1991 - 1993
School Calendars	Calendars - School Schedules	Academic Year	Denotes the current or historical academic year.
Student Course Grades	Student GPA Details	Rounded Student Grade Point Average	Numeric representation of a student's GPA. This is rounded to the second decimal place.
Student Course Grades	Student GPA Details	Truncated Student Grade Point Average	Numeric representation of a student's overall GPA. This version is truncated. No rounding.
Student Course Grades	Classroom Performance	Academic Year	Indicates a specific school year. Normally the current or historical year.
Student Course Grades	Classroom Performance	Course Year	Indicates the course year. Course year will match the school year.
Student Course Grades	Classroom Performance	Grade	Alphabetic or letter grade given to a student
Student Course Grades	Classroom Performance	Percentage Grade	Numeric representation of a student's grade. Normally goes out to 2 decimal points
Student Course Grades	Classroom Performance	District ID	LEA ID where the course was taken.
Student Course Grades	Classroom Performance	School ID	School ID where the course was taken
Student Course Grades	Classroom Performance	School Name	Name of school where the course was taken.
Student Course Grades	Proficiency Bands	Test Code	Internal code used to identify a test administration.
Student Course Grades	Proficiency Bands	Subject and Score Descriptor	Indicates the test administration, score type, and subject tested
Student Course Grades	Proficiency Bands	Proficiency Standards	Indicates the type of proficiency standard an assessment follows.
Student Assessment Information	Proficiency Bands	Grade, Score Type, and Subject Tested	Indicates the grade tested, score type, and subject area
Student Assessment Information	Proficiency Bands	Grade Tested	Numeric indication of the grade tested.
Student Assessment Information	Proficiency Bands	Proficiency Level	Actual spelling of proficiency levels (e.g., Below Basic, Proficient, etc.)
Student Assessment Information	Proficiency Bands	Cut Score Code	Internal code denoting the type of proficiency. For example, N = Cut Score
Student Assessment Information	Proficiency Bands	Proficiency Color Code	Color coding for various proficiency levels (e.g., blue = advanced)
Student Assessment Information	Proficiency Bands	Sort order	Sort order
Student Assessment Information	Proficiency Bands	Low Cut Score by Proficiency	Indicates the lowest cut score to remain within a specific proficiency band.
Student Assessment Information	Proficiency Bands	High Cut Score by Proficiency	Indicates the highest cut score within a specific proficiency.
Student Assessment Information	Proficiency Bands	Numeric Proficiency Level	Numeric indication of the proficiency band. For example, 3 = Proficient
Student Assessment Information	Enrollment Details	Academic Year	Indicates the academic year for enrollment.
Student Assessment Information	Enrollment Details	Enrollment and Withdrawal Indicator	Code denoting if a change in enrollment status is classified as an enrollment or a withdrawal.
Student Assessment Information	Enrollment Details	Enrollment and Withdrawal Indicator Description	Long form translation of the enrollment and withdrawal indicator. For example, W = Withdrawal
Student Assessment Information	Enrollment Details	Enrollment Type Code	Code describing the type of enrollment or withdrawal from a school.
Student Enrollments	Enrollment Details	Enrollment Type Description	Long form translation of the enrollment type code. For example, 08 = Out of State School Transfer.
Student Enrollments	Enrollment Details	State Enrollment Type Code	State code describing the type of enrollment or withdrawal from a school.

Domain	Subcategory	Public Element Name	Field Definition
Student Enrollments	Enrollment Details	State Enrollment Type Description	Long form translation of the state enrollment type code. For example, 08 = Out of State School Transfer.
Student Enrollments	Enrollment Details	Date Entry	Date value for entry
Student Enrollments	Student Schedules	Academic Year	Indicates the academic year for a specific course.
Student Enrollments	Student Schedules	Section Number	Indicates the section number for a specific course within a specific school.
Student Enrollments	Student Schedules	Course Number	Localized code related to a specific course. For example, 045201 may mean Algebra for a specific school district.
Student Course Schedules	Student Schedules	Room Number	Number for a specific room within a school building where a specific course and section meets for instruction.
Student Course Schedules	Student Schedules	Date Entry	Date value for entry
Student Course Schedules	Student Schedules	Academic Year	Indicates the academic year for a specific course.
Student Course Schedules	Student Schedules	Course Code	Localized code related to a specific course. For example, 045201 may mean Algebra for a specific school district.
Student Course Schedules	Student Schedules	Course Name	Actual spelling of a course name for a specific school district.
Student Course Schedules	Student Schedules	State Course Code	Common state code related to a specific course.
Student Course Schedules	Student Schedules	School Subject Department	Indicates the particular subject department in which a course is a part of. For example, an Algebra course would fall into the Mathematics department.
