New SD Titles to Go for Kids helps kids find e-books and audiobooks

The South Dakota Titles To Go collaborative for public libraries has expanded its services with a new [kids' website](#). This separate site provides safe, easy browsing of children's e-books and audiobooks.

Kids can browse a wide variety of subjects. The site also allows them to match their reading level and interests with available books.

This new service, powered by OverDrive and facilitated by the South Dakota State Library, is free for users with a library card at a participating public library. Library patrons in 71 South Dakota communities have access to South Dakota Titles to Go, a collection of more than 10,000 digital titles for children and adults. Rapid City and Siouxland Public Libraries manage their own downloadable audiobook and e-book collections for patrons.
