Teachscape Formal/Informal Observation and Self-Score

** When teachers click on the Formal Observation task, they enter the self-score. This allows them to score themselves the same way the evaluator scores the teacher when they click the Formal Observation task. Once the teacher and evaluator finishes this task, both will receive the compared ratings.

**Notes and Evidence Tab**
- Type in evidence and press Enter
- Click to tag evidence to SD Framework for Teaching components

**Score Tab**
- Choose specific components to score.
  - If you type in the Summary box, make sure to click Add unless you will lose it
  - Click to select critical attributes as evidence from the rubrics

**Observation Summary Tab**
- Gives an overview of the Ratings and Evidence
- Allows observers the opportunity to type in Areas of Strength, Areas of Growth, Recommendations, and Additional Comments
