

Accomplished Mentors! EXPLORE, EXPERIMENT and EXPAND beyond Years 1 and 2

You are invited to attend the Accomplished Mentor Seminar of the SD Mentoring Program if:

- you have completed Year1 and Year 2 Seminars in the past and
- you now want to further develop or deepen your skills and capacity to mentor a beginning teacher.

You are an accomplished educator with a broad range of tried and tested teaching strategies combined with a well-developed understanding of curriculum and pedagogy. You already work well with colleagues.

You are ready to join other accomplished mentors to EXPLORE and reflect on how your professional stance and underlying dispositions affect mentoring opportunities. EXPERIMENT with your practice and EXPAND your professional repertoire. Reflect on practices appropriate to you, your circumstances, and the colleagues you are supporting.

Choose to attend one of the three Accomplished Mentor Seminars in your area. Seminars are being offered in Pierre, Rapid City and Sioux Falls. Attend the seminar in the morning and the kickoff with your new teacher during an afternoon session.
