Terms of agreement

You will need to accept the terms of agreement the first time you log in. The terms of agreement specify the rules for using the SD-STARS portal. It covers the basic guidelines surrounding the responsible use of reports and data housed within the portal. This is done to keep folks mindful of FERPA.
Changing Password

*Note: SD-STATS users with K12 email addresses do NOT have the ability to change passwords.*

SD-STATS requires first-time, non-K12 email users to change their passwords, so the first time you log in, SD-STATS will take you to a screen where you can change your password and set up security questions.

For security reasons, it is recommended that you change your password every so often. You can change your password by going to the ACCOUNT link at the top of the page.
