## SD-ACT Student Movement

Students in ACT Now were updated on Jan. 24, 2026. Check the roster and assign students to the correct test window. Some may show as "Will Not Test" if that is what the previous district marked, so you will need to update that. Assigning students to the correct test windows will ensure they get their test materials on time. FYI, you can always print the students' MyACT instructions that were not shipped due to late adds. To do this, log into ACT Now, click on the Students Tab, select "Reports", and select "to generate the MyACT Instructions". See screenshot below.

The screenshot shows the ACT Now web application interface. On the left is a navigation sidebar with icons and labels for Home, Contract, Administration, Students (highlighted in blue), and Test Events. The main content area shows a breadcrumb trail: Students > South Dakota Department of Education >. Below this is a tabbed interface with four tabs: Students, Reports (selected), Overview, and Files. Under the Reports tab, there is a table with two columns: Report Name and Current version date. The table contains one row: MyACT Instructions for Students (with an information icon) and a dash (-). A blue Generate button is located to the right of the table row.

Report Name	Current version date
MyACT Instructions for Students ⓘ	-
