Subject: State Medicaid Program and the State Children's Health Insurance Program – Limited Disclosure of Children's Free and Reduced Price Meal or Free Milk Eligibility Information

Memo Number: SNP 236-1

This memo replaces the previous memo on this topic memo numbers: NSLP-46. This memorandum addresses disclosure of children's free and reduced price eligibility information for the State Medicaid Program (State Medicaid) and the State Children's Health Insurance Program (SCHIP). The Agricultural Risk Protection Act of 2000, enacted on June 20, 2000, amended the National School Lunch Act (NSLA), (42 U.S.C. 1751(b)(2)(C)), to add State Medicaid under title XIX of the Social Security Act (42 U.S.C. 1396 et. seq.) and the SCHIP under title XXI of that Act (42 U.S.C. 1397aa et seq.) to programs in Section 9(b)(2)(C) of the NSLA that are authorized limited access to children's free and reduced price meal or free milk eligibility information, "Limited Disclosure of Children's Free and Reduced Price Meal or Free Milk Eligibility Information (USDA Memo SP 40-08) addresses disclosure of free and reduced price meal or free milk eligibility information to other programs and entities. Citations and guidance additionally identified in Eligibility Manual for School Meals.

The issues of privacy and confidentiality of personal data are complicated as well as sensitive. Therefore, prior to developing local disclosure policies, we recommend that determining agencies discuss the disclosure provisions with their legal counsel. At a minimum, determining agencies that decide to disclose information that identifies individuals must follow these guidelines. These guidelines apply to eligibility information regardless of the manner in which the information is maintained including, but not limited to, print, tape, microfilm, microfiche, and electronic communication.

For purposes of this memorandum a "determining agency" means the school food authority, school (including a private school or charter school), child care institution or Summer Food Service Program sponsor that makes the free and reduced price meal or free milk eligibility determination.

Questions about this memo can be referred to a SD Dept. of Education Child and Adult Nutrition Services staff member.

Disclosure of Children's Eligibility Information For Health Insurance Programs

Is disclosure of children's free and reduced price meal or free milk eligibility information for State Medicaid and SCHIP required?

Schools and institutions (determining agencies) may disclose free and reduced price meal or free milk eligibility information to identify and enroll eligible children in State Medicaid or SCHIP, provided the determining agency's State agency and determining agency elect to do so. Determining agencies are not required to disclose eligibility information. However, we encourage cooperation with State and local administrators of State Medicaid and SCHIP because studies show that many children eligible for free and reduced price meals and free milk do not have health insurance.

What information may be disclosed for use by State Medicaid and SCHIP and what health agencies or health insurance programs are eligible to receive the information?

Determining agencies may disclose names, eligibility status (whether they are eligible to receive free meals or free milk or reduced price meals), and any other eligibility information obtained through the free and reduced price meal and free milk eligibility process (including all information on the application or obtained through direct certification or verification) to persons directly connected with the administration of State Medicaid and/or SCHIP, unless parents or guardians elect not to have information disclosed.

Who are "persons directly connected" with the administration of State Medicaid and SCHIP?

Persons directly connected with the administration of State Medicaid and SCHIP for purposes of disclosure of free and reduced price meal and free milk eligibility information are State employees and persons authorized under Federal and State Medicaid and SCHIP requirements to carry out initial processing of applications or to make eligibility determinations. Check with your State Medicaid/SCHIP coordinator to determine the persons or entities in your State authorized to enroll children in Medicaid and SCHIP.

Are there restrictions on how children's free and reduced price eligibility information may be used by State Medicaid and SCHIP?

State Medicaid and SCHIP agencies and health insurance program operators receiving children's free and reduced price meal or free milk eligibility information may only use that information to enroll children in State Medicaid or SCHIP. The State Medicaid or SCHIP enrollment process may include seeking to identify and identifying children from low income households, who are potentially eligible for State Medicaid or SCHIP for the purpose of enrolling them in State Medicaid or SCHIP.

Must households be notified that their free and reduced price meal or free milk eligibility information may be disclosed?

For any disclosures to State Medicaid and/or SCHIP, parents/guardians must be notified of the potential disclosure and given the opportunity to elect not to have their children's information disclosed. The notification must inform the parents/guardians that they are not required to consent to the disclosure, that the information will be used to enroll children in a health

insurance program, and that their decision will not affect their children's eligibility for free and reduced-price meals or free milk. The notification may be included in the letter/notice to parents/guardians that accompanies the free and reduced price meal or free milk application, on the application itself or in a separate notice provided to parents/guardians. The notice must be given prior to the disclosure and parents/guardians should be given a reasonable time limit to respond. For children who are determined eligible through direct certification, the notice of potential disclosure may be in the document informing parents/guardians of their children's eligibility for free meals through direct certification.

We suggest that parents/guardians be given a minimum of 10 calendar days as a reasonable time in which to respond to a request that information not be disclosed. Additionally, in the event that a parent or guardian notifies the determining agency past the deadline that he or she chooses not to permit disclosure of the child's eligibility, it would be prudent for the determining agency to inform the recipient agency not to make any further use of that child's eligibility information.

Should we have an agreement with State Medicaid and/or SCHIP?

The determining agency must have a written agreement with the State or local agency or agencies administering State Medicaid and/or SCHIP prior to disclosing children's free and reduced price meal or free milk eligibility information. At a minimum, the agreement must identify the health insurance program or health agency receiving children's eligibility information; describe the information that will be disclosed and specify that the information must only be used to seek to enroll children in State Medicaid or SCHIP; describe how the information will be protected from unauthorized uses and disclosures; describe the penalties for unauthorized disclosure; and be signed by both the determining agency and the State Medicaid/SCHIP program or agency receiving the children's eligibility information.
