

# Revising South Dakota content standards

South Dakota content standards serve as expectations for what students should know and be able to do by the end of each grade.

## South Dakota has content standards in the following areas:

- Career and technical education
- Educational technology
- English language arts
- Fine arts
- Health education
- Math
- Oceti Sakowin Essential Understandings
- Physical education
- School library
- Science
- Social studies
- World language
