   e. Cooperate and problem solve as appropriate for productive group discussions.

4.SL.2 Paraphrase portions of a text presented in diverse media and formats, such as visual, quantitative, and oral formats.

4.SL.3 Identify the reasons and evidence a speaker provides to support particular points.

#### Comprehension and Collaboration: Relevance and Essential Questions: What’s the point?

**Essential Questions**  
*(Drive Intellectual Curiosity-The Hook)*

- Why are collaborative discussions important and how can one participate?
- Why is it important to paraphrase others’ ideas?
- How does the listener identify the speaker’s purpose?

**Big Idea Statements**  
*(What students need to discover)*

- To be a successful collaborator, students must be able to engage diplomatically in a wide-range of collaborative discussions. This is defined in 4.SL.1a-e.
- Paraphrasing portions of a text presented in various formats assists the audience in gaining an understanding of the text presented. It also keys the audience into the most important information. Paraphrasing is restating others’ ideas in your own words.
- Identifying reasons or evidence the speaker provided supports the listener’s understanding of the speaker’s purpose.
