## Build Dakota Scholarship News

Build Dakota is offering interactive webinars in addition to our road-shows this year! These 30-minute sessions will cover the following topics:

- The industry partner component of the program.
- The workforce shortage in SD, skills gap and how this impacts them. (We want to keep them in South Dakota!)
- The importance of career exploration and college planning.
- Technical education

The new format will make it easier for schools to schedule visits by allowing one-on-one discussions with students during their homeroom or study hall periods.

Email [deniamundson@goldenwest.net](mailto:deniamundson@goldenwest.net) if you are interested in scheduling an in-person presentation for larger groups of students.
