

The GED® Credential

South Dakota 2025 Data Summary

Prepared February 2026

Originally developed in the 1940s, the GED® test was created to help veterans who joined the military without finishing high school earn a credential that would allow them access to careers and postsecondary programs requiring a high school diploma.

**Over 72,500 South Dakota
GED® grads since 1940s**

**Over 22,000 South Dakota
GED® grads since 2000**

33% ↑

High school equivalency (HSE) credential earners and HS grads with some post-secondary training avg. annual income over non grads.

3x

Higher rates of unemployment for individuals who haven't earned their high school equivalency credential (HSE) or a HS diploma

67%

Projected jobs only available to individuals who have earned their high school equivalency credential (HSE) or HS diploma

 Time to Test:
115 minutes

 Cost: **\$50**

Understanding GED® Scores

Not Passing (144 ↓)

A score in this range indicates the student has not yet demonstrated the skills necessary to earn their credential.

High School Equivalency (145-164)

A score in this range means a student has the skills and knowledge equivalent to that of a high school graduate. These scores are set by the American Council® on Education.

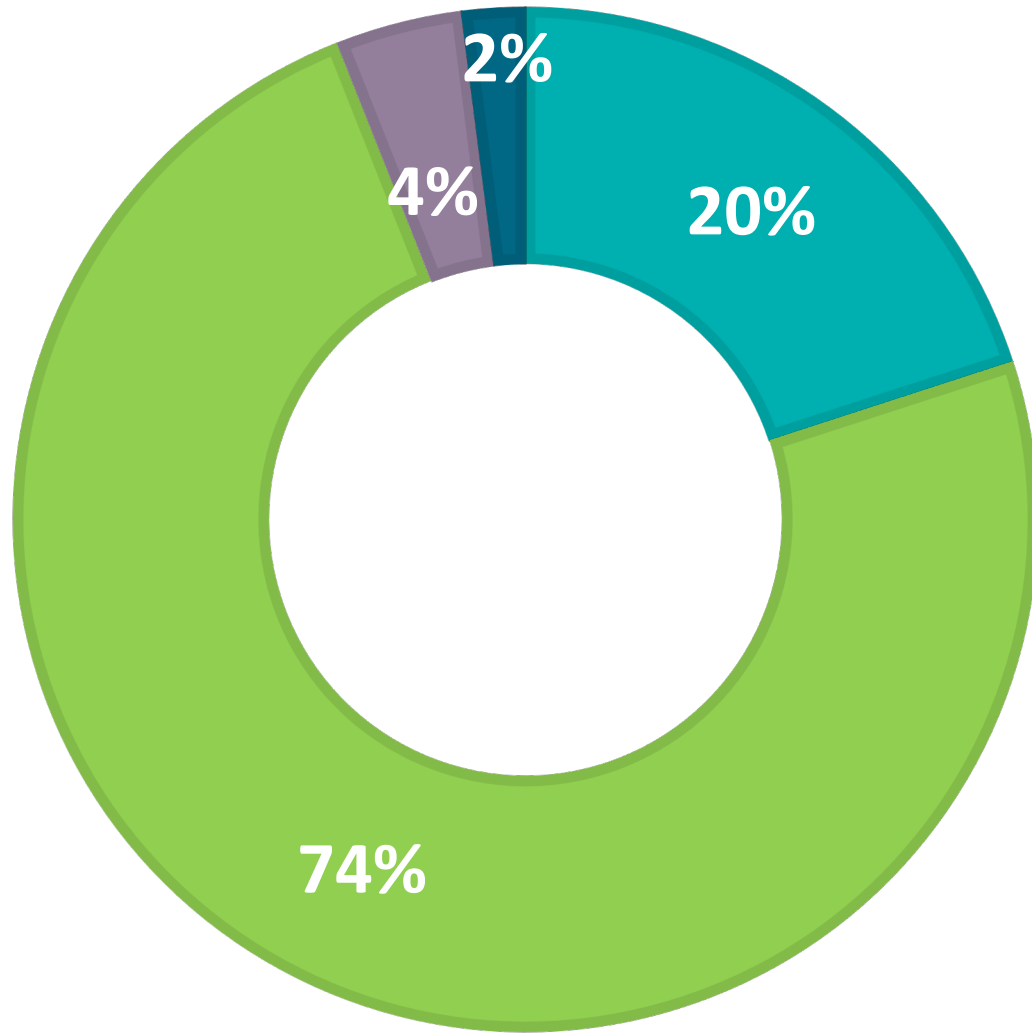

GED® College Ready (165-174)

A score in this range indicates a student is both college and career ready. Some colleges require a score in this range to be taking their credit-bearing courses.

GED® College Ready + Credit (175 ↑)

A score in this range indicates that the student is demonstrating some knowledge and skills taught at the postsecondary level. Students may be eligible to earn college credit for scores in this range.

MATH
