Parents or guardians must submit the completed application to the “choice district.

The school board of the “choice” district acts on the applications of students who want to transfer in. (No action is required by the resident district from where the student plans to transfer; however, a copy of the application will be provided to the home district for informational and planning purposes).

Within five days after school board action on the application (either to approve or disapprove), the “choice” district sends a signed copy of the form back to the parent or guardian.
