

How to Print Smarter Balanced Results from SDAP

How to print Smarter Balanced results from SDAP

1. Log into SDAP and pick “Reporting” [Reporting](#)

2. Click  on the left

3. Smarter Balanced is the default program. Select “Longitudinal Roster Report”, then Grade, and school if necessary. Click “Get Report”
4. A roster for the grade selected will appear with the test results. To get to the individual student results, click on a student’s last name and click “Drill to Individual Report”.
5. To print the report select “Download”. This will download the report as a .pdf file that can then be printed.
