

Funding Commitment Decision Letter

After pre-funding review (called the Program Integrity Assurance (PIA) review) is completed, USAC will issue a Funding Commitment Decision Letter (FCDL) to both the applicant and the associated service provider(s) via e-mail and in the EPC portal. If the amount of requested funding was modified, the letter will provide a brief explanation. The FCDL notification is e-mailed to the Form 471 contact person and a copy is also sent to the Account Administrator of the applicant's EPC portal. The FCDL also contains important information about next steps that follow, such as filing Form 486 and/or appealing decisions with which you may disagree.

The SLD has a goal of issuing all FCDLs for "workable" Form 471 applications by September 1 each year. The definition of "workable" means that a funding request is filed timely and is complete, with all necessary information, to enable a reviewer to make the appropriate funding decision, and the applicant, provider, and any consultants are not subject to investigation, audit, or other similar reason for delay in a funding decision. When the applicant elects to defer answering questions during the summer, the application is considered unworkable until after the summer deferral period ends.

FCDLs are e-mailed on a weekly basis in batches called "waves." Weekly wave notices typically begin in late April (a few weeks following the close of the Form 471 application filing window) and continue until all applications have been decided.
