Sources of data:

ADM and Adjusted ADM from the Department of Education's general state aid payment data

Land Area: From Bureau of Information and Telecommunications GIS data

Unadjusted ADM Per Square Mile: Calculated

Miles to Nearest Secondary Attendance Center of Adjoining District: Distance between GIS coordinates are provided by BIT

General Fund Levies: Department of Revenue

General Fund Balance Percentage: Utilizes calculation to determine excess general fund balance percentage

Operates a secondary attendance center: Department of Education data
