A school will be considered to have significantly reduced the achievement gap if the gap between the identified group and the non-identified group decreases by 10% over a two year period for one of more of the subgroups. Only subgroups meeting the minimum "n" size of 25 will be considered.
    - i. Students with disabilities
    - ii. Economically disadvantaged students
    - iii. Limited English Proficient students
    - iv. Major racial/ethnic groups
- OR**
