

PARENTS/ GUARDIANS:

HOW'S YOUR SCHOOL'S SPECIAL EDUCATION DEPARTMENT DOING?

The South Dakota Parent Involvement Survey is given to all SD families with children receiving special education and related services. This is your opportunity to provide anonymous input about your local school district's special education program! Survey data will be summarized for the school district and the SD Department of Education to improve services for children and families in your school and across South Dakota.

To provide input, go to survey.alchemer.com/s3/8839832/SDI82627 or use QR code before May 31, 2027. You may also request a paper version from your district.
