The system through which these specialized materials are distributed is known as the Federal Quota Program. Through it, textbooks and instructional aides are provided free for eligible students who are blind and visually impaired in educational settings

Federal appropriation is divided per capita of eligible students.

10

If NEITHER are met, students may also be eligible because they:

- South Dakota's definition of IDEA is:
 - Partial sight is one or more deficiencies in visual acuity, as follows:
 - (1) Visual acuity of no better than 20/70 in the better eye after correction;
 - (2) Restricted visual field;
 - (3) Limited ability to move about safely in the environment because of visual disability.

11

Tactile elements as well as visual.

Sense of Science is a unique series designed to make the world of science accessible, understandable, and enjoyable.
