A school district shall ensure that a reevaluation of each child with a disability is conducted in accordance with this chapter if the school district determines that the educational or related service needs, including improved academic achievement and functional performance, of the child warrant a reevaluation or if the child's parents or teacher requests a reevaluation.

A reevaluation conducted under this section may occur not more than once a year, unless the parent and district agree otherwise, and must occur at least once every three years, unless the parent and the district agree that a reevaluation is unnecessary.
