GENERAL SUPERVISION / STATE PERFORMANCE PLAN COMPLIANCE INDICATOR

ARSD 24:05:24.01:01. Students with disabilities defined. Students with disabilities are students evaluated in accordance with chapter 24:05:25 and this chapter as having autism spectrum disorder, deaf-blindness, deafness, hearing loss, cognitive disability, multiple disabilities, orthopedic impairment, other health impairments, emotional disturbance, specific learning disabilities, speech or language impairments, traumatic brain injury, or vision loss, including blindness, which adversely affects educational performance, and who, because of those disabilities, need special education or special education and related services. If it is determined through an appropriate evaluation, under chapter 24:05:25, that a student has one of the disabilities identified in this chapter, but only needs a related service and not special education, the student is not a student with a disability under this article. If, consistent with this chapter, the related service required by the student is considered special education, the student is a student with a disability under this article.

ARSD 24:05:24.01:17. Criteria for emotional disturbance. A student may be identified as emotionally disturbed if the following requirements are met:

- (2) The student's performance falls two standard deviations or more below the mean in emotional functions, as measured in school and home or community on nationally normed technically adequate measures; and

ARSD 24:05:25.03.04. Evaluation procedures -- Notice. The school district shall provide notice to the parents of a child with a disability, in accordance with this article, that describes any evaluation procedures the district proposes to conduct.

The school district shall provide a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent. ARSD 24:05:25:16.01. Participation of student in IEP team meeting.
