

## Distance Learning Review Committee

### Summer Agenda

June 11, 2021 – 10:00 AM

Future dates – Monday, July 12 & Monday, August 2

(All times listed below are anticipated – we will utilize as much time as needed for each item)

**Procedure:** Each item will include time for members to peruse materials prior to discussion. Rotating small groups will designate a recorder and speaker to report out to group. Large group will reconvene to come to summary resolution. Frequent breaks and possibly recruitment of guests to address or work and assist. Secretary Sanderson hopes to be available as much as possible.

**Secretary Sanderson's hopes for our work:**

*Focus on:*

1. *Statewide policy: one size fits all seldom fits anyone! Our policy needs to serve all districts.*
2. *State-level policy: clarity in definitions e.g. fiscal, accountability, attendance*
3. *Policy recommendations should be student-focused*

*Final product:*

1. *Policy recommendations*
2. *Statewide services or support for distance/virtual learning*

*Thoughts on outcomes:*

1. *What should be shared with the public?*
2. *How should the groups' work live on?*
3. *Think about all the mechanisms of how virtual learning occurs? What policy might we need?*
